**AFFIDAVIT NO. 2 OF FIRAS HADDAD
(Sworn on February 7, 2024)**

I, Firas Haddad, of Langley, British Columbia, SWEAR THAT:

1. I am a Representative Plaintiff in this action and as such have personal knowledge of the facts and matters deposed to in this affidavit. Where facts are not within my personal knowledge, I have stated the source of the information, and I believe that information to be true.
2. I make this affidavit in support of applications for court approval of the settlement, the plan for distribution of the net settlement proceeds, and my lawyers' fees, and related orders.

3. Nothing in this affidavit is intended to waive, nor should it be understood or interpreted to be a waiver of, solicitor-client privilege, litigation privilege, settlement privilege or any other privilege related to, or potentially attaching to, any of the information conveyed herein.

PROCEDURAL BACKGROUND

4. This action was commenced on December 3, 2020 as a proceeding under the *Class Proceedings Act* on behalf of the investors of Northern Dynasty Minerals Ltd.

5. On or about September 8, 2023, the parties executed a settlement agreement in relation to this class action.

6. On November 3, 2023 this Court certified this class action for settlement purposes, appointed me as one of the Representative Plaintiffs, and defined the Class for settlement purposes as follows:

Except for Excluded Persons or Opt Out Parties, all persons and entities, wherever they may reside or be domiciled, who purchased or otherwise acquired securities of Northern Dynasty during the Class Period and held some or all of those securities as of August 22, 2020 or November 25, 2020.

7. I am a class member within the class definition.

RETAINER

8. I have retained KND Complex Litigation ("**KND**") to act as my counsel in this case.

9. KND later made an arrangement to work together with Siskinds LLP to advance this class action (collectively, "**Class Counsel**").

MY ONGOING INVOLVEMENT IN THIS ACTION

10. I have been in regular contact with Messrs. Eli Karp and Sage Nematollahi by phone and email at various stages of the litigation, and have taken the following steps, among others, to assist in the prosecution of this action and to fairly and adequately represent the interests of the class members:

- (a) I agreed to act as one of the representative plaintiffs for and on behalf of the Class;
- (b) I gathered and provided Class Counsel with my investment documents and information about my investment in Northern Dynasty Minerals Ltd. ("NDM");
- (c) I reviewed the Notice of Civil Claim and provided my comments before it was filed;
- (d) on April 6, 2022, I swore an affidavit in support of the application for certification and leave under section 140.3 of the British Columbia *Securities Act*;
- (e) I reviewed the other materials filed in support of the certification and leave application prior to their being filed;
- (f) I assisted with preparation for the mediation, including by reviewing and providing comments on the Plaintiffs' and Defendants' mediation briefs, and providing instructions to Class Counsel with respect to a potential settlement to be reached at the mediation;
- (g) I was briefed by Class Counsel regularly in the course of the discussions and the mediation that was held on March 27, 2023 in Los Angeles, which ultimately resulted in the settlement, and provided instructions in relation to entering into the settlement;
- (h) I have reviewed the Settlement Agreement, the proposed Distribution Protocol and other documents; and
- (i) I am making this affidavit in support of approval of the settlement, counsel fees, notice, and other matters.

11. Class Counsel has continuously provided me with details regarding the status of the action, steps taken and to be taken and the reasons for those steps, provided key documents, and made recommendations and sought my instructions in relation to all material matters.

12. I estimate that I have dedicated at least 40 hours to the prosecution of this Action on behalf of the Class.

SETTLEMENT AGREEMENT AND DISTRIBUTION PROTOCOL

13. In December 2022, I was advised by Messrs. Karp and Nematollahi that a confidential mediation is being contemplated to possibly resolve this proposed class action.

14. The mediation was held on March 27, 2023, prior to which I consulted with my counsel about potential terms of a settlement that would be acceptable.

15. Following the mediation, I was informed that the mediation was not immediately successful, but that the parties intended to continue with the negotiations.

16. In April 2023, I was advised about the proposed terms of settlement, which I instructed Messrs. Karp and Nematollahi to accept. I later was provided with and reviewed the Settlement Agreement, which I instructed my lawyers to accept.

17. From my review of the settlement terms, I understand that payments will be made to class members (after payment of lawyers' fees, repayment of disbursements incurred by my lawyers, taxes, administration expenses and any honorarium that the Court might award me), based on a formula in the Distribution Protocol. I have reviewed the Distribution Protocol. I am not a lawyer or expert in these matters, but it seems fair to me.

18. In my opinion, people who have lost money should be compensated where it is economical to do that, and I believe this process has an excellent chance of doing that with the resources available. I feel I have contributed something to the class members by having helped achieve this.

19. I understand that the settlement agreement must be approved by the Court. I have instructed my lawyers to seek approval of the settlement agreement.

20. Even if the settlement is not approved, I am prepared to continue acting as a representative plaintiff.

CLASS COUNSEL FEES AND DISBURSEMENTS

21. From the outset, this action was undertaken on a contingency fee basis, and I understood that Class Counsel would not be paid fees or reimbursed its disbursements unless and until a recovery has been obtained for the benefit of the Class. I would not have been able to retain Class Counsel on an hourly fee basis.

22. My retainer agreement with KND authorizes Class Counsel to charge a fee (subject to court approval) equal to the greater of a four-time multiplier of the time value spent prosecuting the action and:

- (a) 25% of the total value of any amount recovered for the Class if the case is settled before a motion for leave or certification is served;
- (b) 27% if the case is settled after leave to proceed or certification is granted; or
- (c) 30% if the case is successful on a trial of common issues.

23. I was also aware that in the event of recovery, Class Counsel would seek reimbursement of their reasonable disbursements and any applicable taxes.

24. I understand from Messrs. Karp and Nematollahi that it is the intention of Class Counsel to request a fee of not more than 25% of the value of the settlement plus disbursements and applicable taxes on those fees and disbursements.

25. I am advised by Messrs. Karp and Nematollahi and believe it to be true that Class Counsel has collectively spent over 2,000 hours in prosecuting this class action, which amount to an aggregate time value of nearly \$1.2 million if calculated on an hourly fee basis.

26. I am further advised by Messrs. Karp and Nematollahi and believe it to be true that, as of January 23, 2024, the disbursements incurred by Class Counsel amount are approximately \$225,119.90 not including applicable taxes. I understand that Class Counsel will likely incur some additional disbursements between January 23, 2024 and the date on which the Court is asked to approve Class Counsel's disbursements, and that they will be requesting payment of all of those disbursements.

27. Having regard to the extent of work performed, the benefits provided to the Class through Class Counsel's efforts, and the significant risk undertaken by Class Counsel in prosecuting this litigation on a contingency fee basis, I am satisfied that the fees requested by Class Counsel are fair and reasonable. I also believe that the expenses incurred by Class Counsel in the prosecution of this action are reasonable.

28. Accordingly, I support Class Counsel's request for fees and reimbursement of its disbursements.

REMOTE COMMISSIONING OF THIS AFFIDAVIT

In commissioning this affidavit, the deponent was not physically present before the commissioner but was linked with the commissioner utilizing video technology and the

While connected via video technology, the deponent showed the commissioner the front and back of the deponent's current government-issued photo identification and the commissioner compared the video image of the deponent and the information in the deponent's government issued photo identity document. The commissioner was reasonably satisfied that it was the same person and that the document was valid and current. The commissioner took a screen shot of the front and back of the deponent's government-issued photo identity document and retained it.

The commissioner and the deponent reviewed each page of the affidavit and exhibits to verify that the pages were identical and initialed each page in the lower right corner.

The deponent sent the signed affidavit with exhibits electronically to the commissioner.

Before completing the affidavit, the commissioner compared each page of the copy received from the deponent against the initialed copy that was before the commissioner in the video conference and affixed the commissioner's name to the jurat only upon being satisfied that the two copies were identical.

REMOTE COMMISSIONING OF THIS AFFIDAVIT

In commissioning this affidavit, the deponent was not physically present before the commissioner but was linked with the commissioner utilizing video technology and the

process described below was utilized to remotely commission an affidavit.

While connected via video technology, the deponent showed the commissioner the front and back of the deponent's current government-issued photo identification and the commissioner compared the video image of the deponent and the information in the deponent's government issued photo identity document. The commissioner was reasonably satisfied that it was the same person and that the document was valid and current. The commissioner took a screen shot of the front and back of the deponent's government-issued photo identity document and retained it.

The commissioner and the deponent both had a copy of the affidavit, including all exhibits, before each of them while connect via video technology.

The commissioner and the deponent reviewed each page of the affidavit and exhibits to verify that the pages were identical and initialed each page in the lower right corner.

At the conclusion of the review, the commissioner administered the oath, and the deponent swore or affirmed that the deponent had read the affidavit, understood the affidavit, and swore or affirmed the truth of the facts, and the commissioner watched the deponent sign the deponent's name to the affidavit.

The deponent sent the signed affidavit with exhibits electronically to the commissioner.

Before completing the affidavit, the commissioner compared each page of the copy received from the deponent against the initialed copy that was before the commissioner in the video conference and affixed the commissioner's name to the jurat only upon being satisfied that the two copies were identical.
