

NOTICE OF SETTLEMENT APPROVAL HEARING IN THE CANADIAN LITHIUM BATTERY CLASS ACTION

TO: Persons in Canada who purchased Lithium Batteries (“LIBs”) or certain products containing LIBs (“LIB Products”) between January 1, 2000 to January 1, 2012.

PLEASE READ THIS NOTICE CAREFULLY. IT MAY AFFECT YOUR LEGAL RIGHTS.

1. WHAT IS A CLASS ACTION?

A class action is a lawsuit filed by one person on behalf of a large group of people.

2. WHAT ARE THESE CLASS ACTIONS ABOUT?

Lithium batteries, or “Lithium-ion batteries” or “LIBs” (an “LIB” or “LIBs”), are cylindrical, prismatic or polymer type of rechargeable batteries. These LIBs are sold separately or within consumer electronic products (“LIB Products”).

Class action lawsuits were commenced in Ontario, British Columbia, and Quebec alleging that several LIBs manufacturers (the “**Defendants**”) conspired to fix prices in the market for LIBs in Canada, and that this resulted in consumers, businesses, and other purchasers paying too much for LIBs and certain LIB Products purchased in Canada (collectively the “LIB Proceedings”). The LIB Proceedings ask that the courts require these Defendants to return any extra money that they may have received due to this alleged conspiracy.

3. WHAT SETTLEMENTS HAVE BEEN REACHED IN THE CLASS ACTIONS?

A settlement is when a Defendant agrees to pay money to the members of the class action in exchange for being released from the case.

Panasonic Corporation, Panasonic Corporation of North America, Panasonic Canada Inc., and Sanyo Electric Co., Ltd. (collectively, “Panasonic”) have agreed to settle the LIB Proceedings for USD \$6,295,000 (converted to approximately CDN \$8,243,300) in exchange for a full release of the claims against them relating to the alleged price-fixing of LIBs.

This settlement is a compromise of disputed claims and Panasonic does not admit any liability, wrongdoing, or fault.

The Panasonic settlement is subject to court approval in both Ontario and Quebec. The approval hearings will take place in the Ontario court in the city of Toronto on **January 15, 2021, 10:00 a.m.** and in the Quebec court in the city of Montreal on **January 26, 2021, 10:00 a.m.** The courts will decide whether the Panasonic settlement is fair, reasonable, and in the best interest of settlement class members.

Depending on the status of the Covid-19 situation, it is possible that the hearings will proceed by videoconference, teleconference or in writing.

Panasonic are the last Defendants to reach a settlement. If approved, the settlement will end the class action lawsuits in Ontario, Québec, and British Columbia. Previous settlements have been achieved with:

- NEC Corporation and NEC Tokin Corporation (“NEC”) for CDN \$50,000;
- Samsung SDI Co., Ltd. and Samsung SDI America, Inc. (“Samsung”) for USD \$2,200,000;
- Sony Corporation, Sony Energy Devices Corporation, Sony Electronics, Inc. and Sony of Canada Ltd. (“Sony”) for CDN \$4,500,000;
- LG Chem, Ltd. and LG Chem America, Inc. for USD \$3,900,000 (converted to approximately CDN \$5,100,000);
- Toshiba Corporation, Toshiba America Electronic Components, Inc. and Toshiba of Canada Limited for CDN \$264,759.67; and
- Maxell Holdings, Ltd. (formerly known as Hitachi Maxell, Ltd.) and Maxell Corporation of America (“Maxell”) for USD \$300,000 (converted to approximately CDN \$390,000). The Maxell settlement also releases claims against Hitachi, Ltd., Hitachi Canada, Ltd., Maxell, Ltd., Maxell Canada, and Hitachi Maxell, Ltd.

Those previous settlements have received court approval and the settlement funds are being held in trust for the benefit of settlement class members.

4. WHO IS AFFECTED BY THE SETTLEMENTS?

The LIB Proceedings were certified or authorized as class proceedings as against Panasonic for the purposes of implementing the settlement agreement. If you are in the settlement class, you are affected by the settlement.

The Panasonic settlement class is defined as all persons in Canada who purchased LIBs (excluding LIBs designed for use in automobiles or other vehicles) and/or the following LIB Products : notebook or laptop computers, cellular phones including smartphones (excluding cellular phones acquired as part of a cellular phone service contract), tablet computers, e-book readers, MP3 players, personal digital assistants, handheld GPS, handheld video players and/or lithium ion battery packs, between January 1, 2000 to January 1, 2012, except the Defendants and certain entities related to the Defendants.

5. WHAT HAPPENS TO THE MONEY PAID UNDER THE SETTLEMENT?

At the settlement approval hearings, the courts will decide how the settlement funds will be distributed and how settlement class members can apply to receive money from all the settlements achieved in the LIB Proceedings.

The proposed distribution protocol is available online at www.siskinds.com/batteries/ or at www.recourscollectif.info/en/cases/batteries/.
