

## Sponsorship Opportunities

KickAbout, London's Charity Soccer Tournament, is back and anticipating over 300 players, coaches, volunteers and spectators at BMO Centre on Saturday, May 6!

This year, KickAbout is partnering with the Children's Health Foundation. Children's Health Foundation is dedicated to raising and granting funds to support their health care partners, Children's Hospital at London Health Sciences Centre, Thames Valley Children's Centre, and Children's Health Research Institute.

Hand-in-hand with their donors and partner organizations, Children's Health Foundation is strengthening and transforming pediatric health care and rehabilitation for the benefit of all children and youth in our region.

Proceeds supporting:
