The Transaction is to be effected pursuant to a plan of compromise or arrangement under the Companies' Creditors Arrangement Act (Canada), R.S.C. 1985, c. C-36, as amended (the "CCAA"), and, if determined necessary or advisable by the Company in conjunction with the CCAA Plan, and with the consent of the Advisors, the Canada Business Corporations Act, R.S.C., 1985, c. C-44 (the "CBCA"), in full and final settlement of, among other Claims, all Noteholder Claims (whether directly or pursuant to any guarantee of the Notes provided by any subsidiary of the Company, and any security provided in respect thereof). Capitalized terms used but not otherwise defined in this Agreement have the meanings ascribed thereto in **Schedule B**. The Consenting Noteholders, the Company and the Direct Subsidiaries are collectively referred to as the "Parties" and each (including each Consenting Noteholder, individually) is a "Party". This agreement and all schedules to this agreement are collectively referred to herein as the "Agreement".

1. Transaction

The principal Transaction Terms (which are subject to the other terms and conditions of this Agreement) are as follows:

- (a) Pursuant to the Plan, and subject to Section 1(i) hereof, the Company will implement the Restructuring Transaction, pursuant to which:
 - (i) A new company ("Newco"), authorized to issue an unlimited number of common shares and having no restrictions on the number of its shareholders, will be incorporated as a private company in the BVI or the Cayman Islands (or any other jurisdiction acceptable to the Initial Consenting Noteholders, and satisfactory to the Company, acting reasonably) and otherwise organized in a manner acceptable to the Initial Consenting Noteholders, and satisfactory to the Company, acting reasonably;
 - (ii) Except as otherwise provided for herein, pursuant to the Plan, the Company shall convey, assign and transfer all of its right, title and interest in and to all of the Company's properties, assets and rights of every kind and description (including, without limitation, all restricted and unrestricted cash, contracts, real property, receivables or other debt owed

to the Company, Intellectual Property, the Company name and all related marks, all of its shares in its subsidiaries (including, without limitation, all of the shares of the Direct Subsidiaries) and all intercompany debt owed to the Company by any of its Subsidiaries), other than the Excluded Assets, to Newco, free and clear of all Claims, options and interests;

- (iii) Pursuant to the Plan, each Noteholder shall receive the following on the Implementation Date of the Restructuring Transaction in full and complete satisfaction of its Noteholder Claims:

The Consenting Noteholders acknowledge and agree that the Subsidiaries are direct beneficiaries of this Section 4(f) and may raise any defense (including, without limitation, any estoppel) or pursue any claim or remedy for any breach of this Section 4(f) or any action taken by any

Noteholder or Trustee in contravention of this Section 4(f).

ONTARIO SUPERIOR COURT OF JUSTICE COMMERCIAL LIST

IN THE MATTER OF THE COMPANIES' CREDITORS ARRANGEMENT ACT, R.S.C. 1985, c.C-36, AS AMENDED

AND IN THE MATTER OF A PLAN OF COMPROMISE OR ARRANGEMENT OF SINO-FOREST CORPORATION

AFFIDAVIT OF DANIEL E. H. BACH

- I, DANIEL E. H. BACH, of the City of Toronto, in the Province of Ontario, MAKE OATH AND SAY:
- 1. I am a lawyer in the class actions department of Siskinds LLP, co-counsel for the plaintiffs in the class proceeding styled *Trustees of the Labourers' Pension Fund of Central and Eastern Canada v. Sino-Forest Corporation et al.*, bearing (Toronto), Court File No. CV-11-431153-00CP (the "Ontario Class Action"). Siskinds LLP (along with Koskie Minsky LLP and Paliare Roland Rosenberg Rothstein LLP) are counsel to an Ad Hoc Committee of Purchasers of Sino-Forest's Securities, including the Representative Plaintiffs in the Ontario and Quebec Class Actions against Sino-Forest (collectively, the "Class Action Plaintiffs"). The identity of our clients is set out in my prior affidavit of April 11, 2012.
- 2. I have knowledge of the matters to which I depose. Where that knowledge is based on information obtained from others, I have so indicated and believe that information to be true.

3. I swear this affidavit in support of the Class Action Plaintiffs' motion for disclosure of relevant information to stakeholders.

The Lead-Up to These Proceedings

- 4. As set out below, following the allegations in the Muddy Waters report on June 2, 2011, there was a swift and precipitous decline in Sino-Forest's reported financial position.
- 5. On June 14, 2011, Sino-Forest issued its Q1 2011 financial statements for the period ending March 31, 2011. It reported that Sino-Forest had current assets of US \$4.983 billion, including cash and cash equivalents of US \$1.055 billion. It reported current liabilities of US \$759 million. Attached as **Exhibit "A"** is a copy of Sino-Forest's Q1 2011 financial statements.
- 6. On August 15, 2011, Sino-Forest issued its Q2 2011 financial statements for the period ending June 3, 2011. It reported that Sino-Forest had current assets of US \$4.974 billion, including cash and cash equivalents of US \$862 million. It reported current liabilities of US \$737 million. Attached as **Exhibit "B"** is a copy of Sino-Forest's Q2 2011 financial statements.
- 7. On November 15, 2011, Sino-Forest announced that it was deferring the release of its Q3 2011 financial results. It also indicated that Sino-Forest had a cash balance of \$571.1 million as of November 4, 2011. Attached as **Exhibit "C"** is a copy of Sino-Forest's press release dated November 15, 2011.

- 8. On December 12, 2011, Sino-Forest announced that it would not be filing its Q3 2011 financial results on a timely basis and that the board of directors had determined not to make the US \$9.775 million interest payment for the 2016 convertible notes that was due on December 15, 2011. Sino-Forest's press release indicates that these omissions constituted a breach of certain covenants under its senior and convertible note indentures. Attached as **Exhibit "D"** is a copy of Sino-Forest's press release dated December 12, 2011.
- 9. To my knowledge, Sino-Forest has not explained why it determined not to make a payment of only US \$9.775 million when it had reported only a few weeks earlier that it had cash of \$571.1 million.
- 10. On December 18, 2011, Sino-Forest announced it had received written notices of default dated December 16, 2011 in respect of its senior notes due 2014 and its senior notes due 2017. The notice references the company's failure to release its Q3 2011 financial results. Sino-Forest indicated in its press release that it did not expect to file the Q3 financial results and cure its default within the 30 day cure period. In addition, the press releases indicated that on December 16, 2011, the board of directors established a "Special Restructuring Committee of the Board". Attached as Exhibit "E" is a copy of Sino-Forest's press release dated December 18, 2011.
- 11. On January 12, 2012, Sino-Forest announced it had entered into waiver agreements with holders of the 10.25% Guaranteed Senior Notes due 2014 and 6.25% Guaranteed Senior Notes due 2017. Attached as **Exhibit "F"** is a copy of Sino-Forest's

press release dated January 12, 2012. Attached as **Exhibits "G1"** and **"G2"** are copies of the waiver agreements.

- The waiver agreements effectively provided for substantial supervision of Sino-Forest by an ad hoc group of noteholders (the "Ad Hoc Noteholders"). They required Sino-Forest to pay a 1% fee in cash to the paying agent for each of the 2014 and 2017 notes as well as the fees of: (a) any advisors to the Ad Hoc Noteholders including financial advisors, (b) the fees and expenses of the trustees for the notes; and (c) the fees and expenses of counsel to the trustees. Based on the principal amount of these notes, the 1% cash fee alone would have equalled approximately \$10 million.
- 13. This 1% cash fee was on top of the fees of the various advisors and trustees and the roughly \$50 million spent by the purportedly independent committee of directors investigating the Muddy Waters allegations.
- 14. In addition, among other matters, the waiver agreements required Sino-Forest to provide a preliminary strategic plan to the Ad Hoc Noteholders on or before March 31, 2012 in a form acceptable to the Ad Hoc Noteholders and/or their advisors in their sole discretion. The plan had to include an outline for "the strategic plan for the Company, an indicative timeline for any sale process, capital or equity process and will address to the extent practicable such other steps that are necessary to maximize value in respect of the Company's assets held in the People's Republic of China."
- 15. Finally, the waiver agreements prohibited Sino-Forest or its subsidiaries from directly or indirectly declaring, making or paying "any dividend, charge, fee or other distribution ... to or with respect to any of the issued and outstanding shares", effectively

foreclosing settlement of the class actions against Sino-Forest on behalf of shareholders.

- 16. Subsequently, on March 30, 2012, the Applicant and the Ad Hoc Noteholders entered into the Restructuring Support Agreement (the "RSA"). Attached as **Exhibit "H"** is a copy of the RSA.
- 17. The RSA provides the terms for a plan of compromise or arrangement of Sino-Forest in the context of the proceeding under the *Companies' Creditors Arrangement Act* ("CCAA"). The RSA is replete with provisions that provide the noteholders with priority and control over nearly every element of the CCAA proceeding. Among other matters, the RSA provides that
 - (a) Sino-Forest will be restructured such that its business operations will be transferred under a new entity ("NewCo") free and clear of all claims;
 - (b) The noteholders will receive most, if not all, of the shares in NewCo.;
 - (c) the class actions will be forever extinguished against Sino-Forest without any consideration other than the minimal consideration provided for in the RSA;
 - each current or former director or officer of Sino-Forest shall be released from any and all claims against them (except for claims not subject to compromise under s.5.1(2) of the CCAA);

- generally the noteholders have priority over all others including other creditors (with some exceptions or in situations where the noteholders consent);
- (f) Sino-Forest shall keep the noteholders' advisors (Goodmans LLP and Hogan Lovells) informed regarding any material discussions with any person with respect to the restructuring or sale process;
- (g) Sino-Forest cannot initiate or encourage any alternative transactions or even participate in any substantive discussions or negotiations with any person regarding an alternative transaction unless the alternative transaction provides for repaying the noteholders in full or better;
- (h) Sino-Forest cannot add new directors or executive officers unless that person or the terms of their appointment are acceptable to the noteholders;
- it is a condition precedent that the terms of any plan of compromise or arrangement be consistent with the RSA or otherwise acceptable to the noteholders; and
- (j) Sino-Forest may not issue press releases concerning the transactions without the prior consent of the noteholders' advisors.

18. Notably, the RSA is subject to a general due diligence condition in favour of the Ad Hoc Noteholders.

These Proceedings

- 19. On March 30, 2012, this court granted the initial order under the CCAA. The stated purpose of these proceedings is to preserve and obtain value for the Applicant's stakeholders. Attached as **Exhibit "I"** is a copy of the initial order.
- 20. On March 30, 2012, at the same time as the initial order, the court issued an order approving of a sale process for Sino-Forest's assets and business. The sale process contemplates the sale of Sino-Forest assets to a "successful bidder" on an "as is, where is" basis and free and clear of all claims, charges or other interests. The sale process provides that Sino-Forest shall keep the noteholders' advisors (Goodmans LLP, Hogan Lovells LLP, Moelis & Company LLC and Moelis & Company Asia Limited) generally informed regarding the status of the sale process and may provide these advisors with an opportunity to participate in material discussions. Attached as Exhibit "J" is a copy of the Sale Process Order.
- 21. The sale process provides for the following steps:
 - (a) Sino-Forest prepares an initial offering summary notifying prospective purchasers of the assets and inviting offers.
 - (b) potential bidders sign a confidentiality agreement and provide other information in order to become phase 1 qualified bidders.

- (c) Sino-Forest provides to the phase 1 qualified bidders access to due diligence materials and information relating to the assets and Sino-Forest's business.
- (d) Sino-Forest solicits non-binding letters of intent from the qualified bidders. The bids must provide for consideration of at least 85% of amounts owed to Sino-Forest noteholders. The sale process mandates content for the letters of intent including purchase price and the plan for the Sino-Forest business in the 12 months after the transaction. The deadline for these bids was June 28, 2012.
- (e) Sino-Forest determines which phase 1 qualified bidders become qualified bidders (for phase 2).
- (f) The sale process is terminated if there are no qualifying letters of intent, there is no reasonable prospect that a qualifying letter of intent will result in a qualified bid that is likely to be consummated, or Sino-Forest determines that continuing with the sale process is not in Sino-Forest's best interest.
- (g) For phase 2, Sino-Forest provides the qualified bidders additional due diligence materials and information relating to its assets and business, access to the data room and site tours.

- (h) Qualified bidders provide unconditional and irrevocable bids that include executed purchase agreements. The deadline for these bids is <u>September 26, 2012</u>
- (i) Sino-Forest chooses the highest or otherwise most favourable qualified bid by October 5, 2012. Sino-Forest shall finalize a definitive agreement by October 17, 2012.
- (j) The court approves, if appropriate, the successful bid and schedules a meeting of creditors to implement the bid.
- (k) The sale transactions must close no later than November 30, 2012.
- 22. On May 2, 2012, Sino-Forest brought a motion to approve a claims procedure order that would have granted significant control to the Ad Hoc Noteholders over the claims process. Most significantly, it provided that, for claims that exceed \$1 million, the Monitor and Sino-Forest could not accept, admit, settle, resolve, value (for any purpose), revise or reject the claims without the consent of the Ad Hoc Noteholders or order of the court. Following extensive negotiations among the parties, the claims procedure order was revised to remove these controls. Attached as Exhibit "K1" is a copy of the initial proposed claims procedure order. Attached as Exhibit "K2" is a copy of the order ultimately issued by the court.
- 23. On June 8, 2012, Sino-Forest brought a motion seeking (a) an order that the claims against the Applicant resulting from the ownership, purchase or sale of an equity interest in Sino-Forest, including the shareholder class action claims, are equity claims

(the "Shareholder Claims"); and (b) the indemnification claims against Sino-Forest relating to the Shareholder Claims, including indemnity claims by the class action defendants, are equity claims. Attached as **Exhibit "L1"** is a copy of the notice of motion (the "Equity Motion"). Attached as **Exhibit "L2"** is a copy of the proposed order on the Equity Motion.

24. Sino-Forest asserted that the Equity Motion was necessary and desirable to have the claims declared as equity claims "in light of the need to complete the restructuring of SFC as soon as possible" and "with a view to having a meeting of creditors in August 2012."

Lack of Disclosure to Date

- 25. I understand that the Monitor plans to report to the court on July 16, 2012 as to the status of sale process and in particular the letters of intent, if any, received. However, to date, despite requests for disclosure, the Class Action Plaintiffs have not received any material information from the Applicant in respect of the sale process or other matters impacting the Applicant's restructuring effort, or even a firm and binding commitment to provide such information.
- 26. The Class Action Plaintiffs had refrained from seeking to compel disclosure of information, until now, based upon the Monitor's efforts to organize a mediation for late July or early August. It now appears, however, that a mediation will not take place until sometime in September, if it happens at all.

27. In these circumstances, the Class Action Plaintiffs believe that it is important that they be placed on an even footing with other stakeholders, so that they can participate meaningfully in these proceedings. This includes access to information pertaining to the assets and liabilities of the Applicant, as well as information relevant to the Class Action Plaintiffs' claims against the Applicant and Third Parties.

The Applicant's Liabilities

28. On June 20, 2012, the Class Action Plaintiffs filed four proofs of claim with the Monitor. The proofs of claim were marked confidential. On June 29, 2012, Jennifer Stam wrote to Mr. Starnino advising that "we are also hereby giving notice that we intend to share the Claim with Goodmans who are subject to a confidentiality agreement on or after July 6, 2012." Ms. Stam does not explain why the Monitor intends to share the Class Action Plaintiffs' proofs of claim with Goodmans, counsel for the Ad Hoc Noteholders. The Class Action plaintiffs have no information and have not seen the claims filed by other claimants, other than those proofs of claims that were filed by Ernst & Young LLP and BDO Limited as evidence for the Equity Motion. Attached as Exhibit "M1" is a copy of Ms. Stam's email to Mr. Starnino. Attached as Exhibit "M2" is a copy of Mr. Starnino's response.

The Applicant's Assets

29. Apart from the information made available to the public through the IC reports, there has been little disclosure throughout this process of the Applicant's assets or its dealings with its various advisors, auditors and underwriters. This information will likely be relevant to the fairness and reasonableness of a CCAA Plan and/or any settlement

of the Ontario and Quebec Class Actions. It should be disclosed in a timely way so that the Class Action Plaintiffs and the courts are not left having to take a position or decide matters with inadequate information. Even the information made available to prospective purchasers has not yet been made available to stakeholders other than the Ad Hoc Noteholders.

The Importance of Full and Plain Disclosure in this Case

- 30. Plain and meaningful disclosure of information is particularly important in the circumstances of this case because of the strong indicia of fraud and other serious misconduct.
- 31. On January 10, 2012, the Applicant issued a press release wherein it cautioned that the company's historic financial statements and related audit reports should not be relied upon.
- 32. Less than two months later, on April 5, 2012, the Applicant's auditor, Ernst & Young, resigned.
- 33. On April 17, 2012, Allen Chan, who had previously resigned his position as a director and chief executive officer of Sino-Forest but continued as "Founding Chairman Emeritus", resigned from the company entirely. David Horsely resigned as chief financial officer, but remained an employee for the stated purpose of assisting with Sino-Forest's restructuring efforts. Attached as **Exhibit "N"** is a copy of Sino-Forest's press release of April 17, 2012.
- 34. On May 22, 2012, the Ontario Securities Commission ("OSC") commenced enforcement proceedings against Sino-Forest, Allen Chan, David Horsley and other

executives. The statement of allegations alleges that Sino-Forest and its senior executives "engaged in a complex fraudulent scheme to inflate the assets and revenue of Sino-Forest and made materially misleading statements in Sino-Forest's public disclosure record related to its primary business." Among other detailed allegations, it alleges "Sino-Forest falsified the evidence of ownership for the vast majority of its timber holdings by engaging in a deceitful documentation process. This dishonest process included the fraudulent creation of deceitful Purchase Contracts and Sales Contracts, including key attachments and other supplemental documentation." It alleges that Allen Chan and other management materially misled OSC staff during their investigation. Attached as **Exhibit "O"** is a copy of the OSC statement of allegations.

- 35. There has been some limited disclosure of the professional fees expended and expected by Sino-Forest. The First and Third Reports of the Monitor show Sino-Forest's cash flows and forecasts of its cash flow. They show very little cash inflow, but significant expenditures for professional fees. Sino-Forest expended \$6.5 million from March 31 to May 18, 2012 on professional fees. Going forward, the Third Report of the Monitor forecasts professional fees of roughly \$1 to 2 million each week between May 19 and October 5, 2012, totalling \$23.7 million. Attached as **Exhibit "P1** and **"P2"** are copies of the First and Third Reports of the Monitor.
- 36. These amounts are significant as the reports state that Sino-Forest began the insolvency with only \$67.8 million. The following chart summarizes Sino-Forest's cash flows:

	March 31- April 6	April 7 - May 18	May 19 - October 5		
Cash inflow	\$2,000	\$9,000	\$825,000		
Payroll, board and committee fees,travel, rent, communications utilities and taxes	\$25,000	\$326,000	\$1.9 million		
Professional fees	\$46,000	\$6.4 million	\$23.7 million		
Cash remaining	\$67.8 million	\$61.0 million	\$36.2 million		

37. It appears that Sino-Forest's cash assets are being quickly eroded by professional fees. In the unique circumstances of this case, the Class Action Plaintiffs believe that it is important that mechanisms be put in place to facilitate the flow of information to stakeholders while the Applicant has the time and resources to do so.

SWORN BEFORE ME at the City of on low, jn the Province of Ontario, this 11 day of July 2012.

GENERAL BACKGROUND

Sino-Forest Business

- 8. Sino-Forest conducts business as a forest plantation operator in the People's Republic of China ("PRC"). Its principal businesses include ownership and management of forest plantation trees, the sale of standing timber and wood logs, and complementary manufacturing of downstream engineered-wood products.
- 9. The Company is a public holding company whose common shares were listed on the Toronto Stock Exchange ("TSX"). Prior to August 26, 2011 (the date of the Cease Trade Order, defined below), the Company had 246,095,926 common shares issued and outstanding and trading under the trading symbol "TRE" on the TSX. Effective May 9, 2012, the common shares were delisted from the TSX.
- 10. On June 2, 2011, Muddy Waters, LLC ("MW"), which held a short position on the Company's shares, issued a report (the "MW Report") alleging, among other things, that Sino-Forest is a "ponzi-scheme" and a "near total fraud". The MW Report was issued publicly and immediately caught the attention of the media on a world-wide basis.
- 11. Subsequent to the issuance of the MW Report, the Company devoted extensive time and resources to investigate and address the allegations in the MW Report as well as responding to additional inquiries from, among others, the Ontario Securities Commission ("OSC"), the Royal Canadian Mounted Police and the Hong Kong Securities and Futures Commission.
- 12. In view of the MW Report, the subsequent litigation and regulatory investigations and other issues continue to have a significant negative impact on the Company and have threatened the long term viability of Sino-Forest's operations. For the reasons discussed in the Pre-Filing Report and the Initial Order Affidavit, the Company and the business was placed into a stalemate that could not be resolved without the Court supervised solution offered by the CCAA Proceedings.
- 13. The Pre-Filing Report and the Initial Order Affidavit provide a detailed outline of Sino-Forest's corporate structure, business, reported assets and financial information as well as

a detailed chronology of the Company and its actions since the issuance of the MW Report in June 2011.

UPDATE ON CCAA PROCEEDINGS

Update on Sale Process

- 14. On the Filing Date, the Company obtained the Sale Process Order. The Phase 1 Bid Deadline (as defined in the Sale Process Order) was June 28, 2012. On July 10, 2012, the Company issued a press release announcing that the Company had determined that none of the letters of intent were qualified letters of intent and therefore it was terminating the Sale Process and proceeding with the restructuring transaction contemplated under the Support Agreement.
- 15. Also on July 10, 2012, the Monitor issued its fourth report (the "Fourth Report") to the Court providing an update with respect to the Sale Process and the letters of intent that had been received on the Phase 1 Bid Deadline. The Fourth Report also noted that none of the LOIs (as defined in the Fourth Report) were deemed "Qualified Letters of Intent" under the sale process procedures and the Company subsequently issued a press release confirming the termination of the sale process.
- 16. Many parties actively involved in these proceedings have requested a summary of the LOIs received. The Monitor agrees with the Company that this information is sensitive and should not be publicly available. However, the Monitor does believe that summary information regarding the LOIs should be placed in the Data Room (defined below) and made available to Mediation Parties (defined below) who have executed a Mediation Confidentiality Agreement (defined below) prior to the Mediation (defined below).

Update on Mediation

- 17. The Monitor's fifth report dated July 16, 2012 filed in support of the Monitor's motion for a mediation order (the "Mediation Motion") provided the background and context leading up to the Mediation Motion.
- 18. On July 25, 2012, this Court granted an Order (the "Mediation Order"):

- (a) directing mediation ("Mediation") among specified "Mediation Parties";
- (b) providing for the establishment of a data room ("Data Room") for access by Mediation Parties subject to confidentiality restrictions;
- (c) scheduling September 4, 5 and, if necessary, 10 as the mediation dates; and
- (d) appointing the Honourable Justice Newbould as mediator.

A copy of the Mediation Order is attached as Appendix C hereto.

19. Since the granting of the Mediation Order, the Company has worked with the Plaintiffs and the Third Party Defendants to execute confidentiality agreements in the form agreed to with such parties at the hearing for the Mediation Order (the "Mediation Confidentiality Agreement"). A copy of the index to the Data Room and access to the Data Room has been provided to those Mediation Parties that have executed a Mediation Confidentiality Agreement as of the date of this Report.

The Plaintiff's Motion re Document Production

- 20. On July 10, 2012, the Plaintiffs served a notice of motion (the "Notice of Motion") (followed by a full motion record on July 11, 2012) for a motion returnable July 16, 2012 (the "Plaintiffs' Document Motion") regarding the disclosure of certain documents set out in their Notice of Motion. At a Court conference call held on July 13, 2012, the Plaintiffs' Document Motion was adjourned to July 25, 2012. At a 9:30 appointment held on July 23, 2012, the motion was further adjourned to July 30, 2012.
- 21. The Plaintiffs and the Company subsequently agreed upon the list of documents to be put in the Data Room and settled a form of Order in respect of the Plaintiffs' Document Motion. The Order was granted by this Court on July 30, 2012. A copy of the Order is attached as Appendix D hereto.

Update on Claims Process

22. Pursuant to an Order of this Court made on May 14, 2012, this Court granted the Claims Procedure Order providing for a call for claims against the Company and its officers and

directors. While the Claims Procedure Order did not purport to create a bar date in respect of claims against Sino-Forest Subsidiaries, claimants against the Company were ordered to indicate whether they asserted or intended to assert a similar claim against some or all of the Sino-Forest Subsidiaries. The primary claims bar date was June 20, 2012 (the "Claims Bar Date").¹

23. On or about the Claims Bar Date, the Monitor received a total of 228 claims with a face value in excess of \$112 billion. This includes potential duplicative claims filed against the Company and its officers, directors and subsidiaries. A summary of the claims received to date is as follows:

	# of Claims Submitted	\$ of Claims Submitted (million	ıs)
Claims	164	\$ 66	,334
D&O Claims	64	\$ 45	,861
Total Claims	228	\$ \$ 112,	195

- 24. As of the date of this Report, the Monitor is continuing to review the claims received, particularly in light of the Equity Claims Decision (defined below), discussed in further detail below.
- 25. The Monitor is also reviewing the claims under the Company's four series of notes including the guarantees and pledges given by Sino-Forest in connection with the notes. The Monitor intends to put its summary regarding the guarantees and security in the Data Room.

¹The applicable bar date for certain claims including Restructuring Claims and D&O Indemnity Claims is as set out in the Claims Procedure Order.

The Company's Equity Claims Motion

- 26. On June 26, 2012, this Court heard a motion brought by the Company for a direction that certain claims against the Company that result from the ownership, purchase or sale of an equity interest in the Company and resulting indemnity claims are "equity claims" as defined in the section 2 of the CCAA. The motion was not opposed by the Plaintiffs but was opposed by certain Third Party Defendants.
- 27. On July 27, 2012, this Court issued its decision (the "Equity Claims Decision"). A copy of the Equity Claims Decision is attached as Appendix E hereto. Pursuant to the Equity Claims Decision, this Court found, *inter alia*, that:²
 - (a) It was not premature to determine the issue set out in the Company's motion.

 Instead:
 - (i) it had been clear since the outset of the CCAA proceedings that this issue would have to be determined and this issue could be determined independently of the Claims Procedure Order;
 - (ii) the Court did not accept that any party can be said to be prejudiced if this threshold issue is determined at this time;
 - (iii) this threshold issue does not depend upon a determination of quantification of any claim; and
 - (iv) the effect of the Equity Claims Decision will be to establish whether the claims of E&Y, BDO and the Underwriters will be subordinated pursuant to the CCAA and is independent of determinations as to validity and quantification.
 - (b) The Shareholder Claims and Related Indemnity Claims are "equity claims" as defined in section 2 of the CCAA.

² Capitalized terms used in the summary and not otherwise defined have the meaning given to them in the Equity Claims Decision. This summary is for information purposes only. Reference should be made to the Equity Claims Decision itself.

- (c) With respect to the claims of E&Y, BDO and the Underwriter, the Court concluded that the most significant aspect of those claims constitute "equity claims". However, the Court did not make a determination as to whether defence costs incurred in defending the class action claims were "equity claims".
- (d) The Equity Claims Decision was without prejudice to the Company's right to apply for a similar order with respect to (i) any claims in the statement of claim that are in respect of securities other than shares and (ii) any indemnification claims against the Company related thereto.
- 28. On August 3, 2012, the Court issued an Order reflecting the terms of the Equity Claims Decision, a copy of which is attached as Appendix F hereto.

RECEIPTS AND DISBURSEMENTS OF THE COMPANY FOR THE PERIOD TO JULY 20, 2012

Actual Receipts & Disbursements for the Period May 19, 2012, to July 20, 2012

29. The Company's actual net cash flow for the period from May 19, 2012, to July 20, 2012 (the "Current Period") together with an explanation of key variances as compared to the May 23 Forecast (as defined in the Monitor's Third Report) is described below. Actual net cash flows for the Current Period were approximately \$8.5 million higher than forecast and summarized as follows:

\$000 CAD		Forecast		Actual		Difference	
Cash inflow							
Insurance Proceeds	\$	-	\$	6,664	\$	6,664

Net Cash Flow	\$	(10,908)	\$	(2,430)	\$	8,478	
Opening Cash Balance	\$	61,007	\$	61,007	\$	-	
Net Cash Balance	\$	(10,908)	\$	(2,430)	\$	8,478	
Ending Cash Balance	\$	50,099	\$	58,577	\$	8,478	

- 30. The key variances in actual receipts and disbursements compared to the May 23 Forecast is a favourable variance of approximately \$8.5 million primarily relating to:
 - (a) A positive variance of approximately of \$6.7 million in cash inflows. This variance is permanent in nature and related to insurance proceeds received by Sino-Forest in respect of professional fees incurred. The timing and estimated value of potential insurance proceeds was unknown at the time of the preparation of the May 23 Forecast and therefore was not included as part of the Forecast; and
 - (b) A positive variance of approximately \$1.5 million in professional fees. This variance is temporary in nature and is expected to reverse in the coming weeks as invoices are submitted by the professionals and paid by Sino-Forest.

INFORMATION RELATING TO SINO-FOREST SUBSIDIARIES

- As set out in the Third Report of the Monitor, the Monitor (both directly and through FTI Consulting (Hong Kong) Limited ("FTI HK" and together with the Monitor, "FTI")) established communication protocols and reporting mechanisms with Sino-Forest in Hong Kong and the People's Republic of China ("PRC").
- 32. The Monitor was granted further powers pursuant to the Expanded Powers Order dated April 20, 2012, the majority of which related to direct access and involvement in the Sino-Forest Subsidiaries, as opposed to the Company itself. The Company's request for the Expanded Powers Order was primarily as a result of certain enforcement notices received from the OSC in April 2012, and personnel changes resulting from those changes.
- 33. FTI continues to work with Sino-Forest on its operational, financial, legal and other issues. Much of the Monitor's activities to date have included, and continue to include, monitoring and reviewing financial information and Sino-Forest Subsidiaries' activities in addition to attending certain meetings between the Company and third parties.
- 34. The purpose of this overview is to inform on the status of the Sino-Forest Subsidiaries from the start of the CCAA proceedings to date. In assessing Sino-Forest, including what actions and steps should be taken, reference was made to the IC Reports and the work and background conducted by the Independent Committee and its advisors. Copies of the IC Reports are attached as Appendices G through I hereto.

General Overview

35. As was set out in the Initial Order Affidavit as well as the Pre-Filing Report, in the months after the release of the MW Report and the subsequent commencement of investigations and litigation involving Sino-Forest Corporation, the ultimate parent of the Sino-Forest Companies, the majority of the business in the PRC came to a virtual standstill. Although certain business segments continued, they did so at diminished levels and Sino-Forest's primary business, namely the purchase and sale of standing timber, froze. Both the Initial Order Affidavit and the Pre-Filing Report observed that a

court supervised process was necessary for any chance of resolving the stalemate that the business found itself in.

- 36. As discussed in the following sections, Sino-Forest's financial and operational aspects of the business in the PRC continue to be negatively impacted by the uncertainty regarding the Company's affairs. Operations in Sino-Forest's standing timber business (which accounts for the vast majority of Sino-Forest's historical reported revenue and asset base) remain frozen and the remainder of Sino-Forest's businesses are operating at substantially lower levels than in past years.
- 37. Further, Sino-Forest's existing senior management team has been significantly reduced since the commencement of the CCAA proceedings. As has been previously reported and disclosed by the Company, in April 2012, in response to enforcement notices issued by the OSC, a number of personnel changes were made whereby members of senior management were terminated. The chief financial officer also stepped down from that role, although he remains an employee of the Company. The Monitor understands that the terminated personnel played a significant role in Sino-Forest's business. Due to the on-going concern in the Company and the Sino-Forest business, it has not been an option for Sino-Forest to replace these individuals.
- 38. Although Sino-Forest's cash position may appear to be ahead of its forecast (see below), the original subsidiary level forecast was mostly prepared by individuals who are no longer employed by Sino-Forest as a result of the personnel changes in April 2012 and may not be an appropriate reference point. In reality, although disbursements are lower than normal, collection of receivables is proving difficult (as discussed below) and, to date, Sino-Forest has not been able to revive its business.
- 39. As evidenced by recent events, Sino-Forest is experiencing the results of a deteriorating business across multiple fronts, including:
 - (a) Provisions in respect of uncollectible receivable balances and assets with impaired values have been taken in the 2011 year end internal financial statements (which are discussed in further detail below);

- (b) Management will need to review the impact of the recent de-registrations on the interim 2012 internal financial statements and to consider the need for further provisions in respect of amounts owed by de-registered AIs (which is discussed in more detail below);
- (c) Work being performed by third party consultants to verify Sino-Forest's forestry estate is on-going and estimated to take years to complete and/or to verify a substantial portion of the estate;
- (d) There is no indication that Sino-Forest will be able to resume its business absent a successful restructuring and resolution in these CCAA proceedings; and
- (e) There is a limited pool of funds that continues to be depleted throughout the CCAA proceedings.
- 40. The deterioration of Sino-Forest is also directly influenced by what appears to be the beginning of a breakdown of its relationships with certain AIs and suppliers. As described in the Pre-filing Report, the Initial Order Affidavit and as set out in the IC Reports, it is clear that there is an emphasis put on "business relationships" among parties that is paramount to any contractual or legal relationship that may have been entered into by the parties. These relationships are relied upon for the conduct of business in this industry in the PRC. In the course of its investigation, the IC reported that it was apparent that integral to Sino-Forest's business model was its relationship with business partners. Recent events highlight the breakdown:
 - (a) Certain authorized intermediaries ("AIs") who are necessary for selling standing timber under the BVI structure and who had outstanding receivable balances with Sino-Forest, have de-registered (which is discussed in more detail below);
 - (b) Certain suppliers responsible for selling standing timber to Sino-Forest have deregistered; and

- (c) The trading business has stopped importing, other than the existing Thai Redwood transaction. The Thai Redwood transaction that was expected to occur in May 2012 has been delayed multiple times.
- 41. The Monitor also notes that as the restructuring proceedings continue with no resolution, the ability of Sino-Forest to maintain its relationship with the PRC government may become increasingly difficult.

Chops, Annual Review and Process to Change Legal Representatives

- 42. Upon filing, FTI began discussions regarding the corporate governance of the Sino-Forest Subsidiaries, particularly the PRC entities which are located in various regions in the PRC. Through initial conversations and advice provided by Hong Kong and PRC counsel, the Monitor learned that, as a corporate governance matter, companies incorporated in the PRC:
 - (a) Are represented by an individual who is appointed as the "legal representative" of that company in dealing with external parties and under the PRC law; and
 - (b) conduct business through "chops" which are akin to company seals. PRC companies can have different kinds of chops including the "company chops", "financial chops" and "individual bank signatory chop". These chops are generally located at the subsidiary where they are used and may only be used by authorized individuals.
- 43. Shortly after the Filing Date, Sino-Forest sent out a company-wide letter (the "Letter") to all of the subsidiaries identifying new restrictions on the use of the chops and prohibiting the use of these chops without prior permission from identified senior management of Sino-Forest. As discussed in further detail below, the Letter also outlined a new protocol for proposed disbursements and for entering into new contracts and commitments above a pre-determined threshold, including prior review by FTI.
- 44. As previously reported, in April 2012 there were several personnel changes due in large part to the ongoing investigation and charges laid by the OSC. As a consequence of these

changes, the Company and FTI undertook a diligence exercise to determine the legal representatives for all Sino-Forest PRC companies and the location and security of the various chops. A summary of the steps taken is as follows:

- (a) The Company, through its legal counsel, conducted a corporate review of the PRC subsidiaries to determine the identity of the legal representatives of each company. This review showed that there was a consistent legal representative across many of the subsidiaries and that in most cases the legal representative was no longer an employee of Sino-Forest.
- (b) FTI then conducted physical visits of approximately 50% of Sino-Forest's PRC subsidiaries and observed the location of the company chop, financial chop and individual bank signatory chop for those subsidiaries it inspected.
- (c) It was determined that it was not necessary or prudent to conduct an initial review of all PRC subsidiaries. This determination was based on the fact that: chops are physically located at the subsidiary offices throughout the PRC, the costs associated with physically visiting all locations and the relative levels of business historically reported by such subsidiaries. Instead, FTI selected a sample of subsidiaries to visit based on levels of business, cash balances and physical ability to visit those locations.
- 45. Based on the inspections that FTI has conducted, the chops appear to be physically locked in storage or other cabinets at the subsidiary level. Initially, there was one exception, but FTI has been advised that it has been remedied. FTI cannot be sure that the chops are kept under lock and key at all times given the practical prohibitions on such monitoring. However, FTI is advised by Sino-Forest management that the protocols set out in the Letter continue to be followed.
- 46. The Monitor expressed concern to Sino-Forest regarding the physical location of the chops at each of the subsidiaries as well as the legal representatives (particularly those that are no longer employees of Sino-Forest). These concerns were somewhat mitigated by the implementation of the new controls under the Letter. Further, at the time these

concerns were initially raised, Sino-Forest's view was that (a) physical relocation of the chops to a more centralized location was not possible as a practical matter as they are needed by each subsidiary on a daily basis to conduct any business; and (b) any changes in legal representatives or other protocols at that time were not timely due to the fact that the PRC subsidiaries were undergoing their annual review process. The annual review process is described in more detail below.

- 47. Over the past number of months, Sino-Forest's PRC subsidiaries have been undergoing annual reviews. These reviews are government mandated and companies are required to pass these reviews every year in order to carry on business in the PRC. As of July 31, 2012, all of the annual reviews have now been completed. FTI is advised that all but three (3) of the PRC subsidiaries have passed their review and FTI is now in the process of receiving copies of the stamped business licenses indicating that the reviews were successful. For those three (3) that remain outstanding, two (2) are expected to be complete by August 10, 2012 and the last one by August 31, 2012.
- 48. Given the completion of the annual reviews, the Monitor is re-visiting discussions with Sino-Forest management to determine whether further steps should be taken to either replace the legal representatives and/or obtain a greater degree of certainty on the use and security of the chops.

Cash Position of Sino-Forest Subsidiaries

- 49. Prior to the CCAA proceedings, the Independent Committee, through its financial advisor, PricewaterhouseCoopers LLP ("PwC") was trying to verify the cash position of Sino-Forest. PwC was able to complete verification as of June 13, 2011 of 81% of the cash position in the PRC and 100% in Hong Kong.
- 50. Since the Filing Date, FTI has continued to work with Sino-Forest to verify cash positions on an on-going basis particularly given the fact that the PwC verification was as of ten (10) months prior to the filing.
- 51. Sino-Forest has approximately 546 bank accounts, 327 of which are located in various parts of the PRC. FTI initially commenced work to understand the logistics, location and

reported balances in these accounts and based on that, determined that the best approach was to conduct an initial review of all accounts with a balance over \$5 million. The further following actions continue to be taken by FTI in order to verify cash positions:

- (a) FTI performs a monthly review of bank statements for over 60% of the bank accounts as compared to the bank statements. Included in the accounts that are under review are all of the accounts with significant balances as well as a monthly random review of selected accounts with smaller balances;
- (b) FTI has also physically visited specific banks in efforts to confirm certain account balances as at March 31, 2012. Sino-Forest has 17 bank accounts in the PRC with balances in excess of \$5 million as at March 30, 2012. The 17 accounts represent approximately 65% of the expected total of all PRC bank accounts, or 44% of the expected total of all account balances;
- (c) FTI selected 9 of the 17 accounts to be verified and visited the banks with local Sino-Forest personnel located in: Hunan Province, Jiangzi Province, Guizhou Province, Shanghai and Guangzhou. No material misstatements were identified for any of the reviewed account balances as of March 30, 2012; and
- (d) There were 216 non-PRC bank accounts with a total balance of approximately \$167 million as at March 30, 2012. FTI has verified all of these accounts with a balance of over \$100,000 by checking bank statements, which represents approximately 99% of the total non-PRC balance. FTI performs a selected review of a portion of the non-PRC bank accounts on an ongoing basis.
- 52. As an example, the breakdown of accounts reviewed per segment for June 2012 is detailed below. Based on the review procedures set out in 51(a) and (d) above, there were no material misstatements in those accounts checked.

USD	Sinc	-Wood	Sin	o-Panel	No	on-PRC	Total
# of accounts with balances		147		180		219	546
Balances as at June 30, 2012 (\$ 000s)	\$	92,709	\$	126,275	\$	145,235	\$364,218
% of bank account balances reviewed		58%		64%		69%	64%

Receivables

- 53. The Initial Order Affidavit set out Sino-Forest's receivable balances, including ongoing difficulties in collecting those receivables given the MW Report and the uncertainty surrounding the business. Sino-Forest had, in fact, instructed one of its then PRC counsel to send demand letters in respect of significant receivable balances.
- 54. As of July 12, 2012, the Company had recorded receivables totalling approximately \$1 billion. Details regarding the outstanding receivables balance can be found below:

		\$	0/0		
BVI Standing Timber	\$	887	82%		
Wood WFOE Standing Timber	\$	1	0%		
Panel WFOE Standing Timber	\$	42	4%		
BVI Trading	\$	126	12%		
WFOE Trading	\$	11	1%		
Miscellaneous	\$	14	1%		
Total	\$	1,081	100%		

- 55. Subsequent to the commencement of the CCAA proceedings, management engaged another PRC law firm, Jingtian & Gongcheng ("J&G") to follow up on the collection of outstanding receivables. Collection methods include detailed analysis of existing outstanding receivables, demand letters, follow up on demand letters that Sino-Forest's prior PRC counsel had advised it sent and face-to-face discussions with third parties in respect of certain specific outstanding receivables.
- 56. FTI has also begun participating (and continues to participate) in weekly meetings with Sino-Forest for a status update on legal proceedings/actions launched against specific debtors throughout the CCAA proceedings. FTI has also been participating (and continues to participate) in weekly meetings with subsidiaries as well as weekly calls with Jingtian & Gongcheng.
- 57. More recently, FTI has taken additional measures in following up on the status of the outstanding receivables, understanding the nature of collection methods being used and the impact these methods may have had on reducing the total outstanding balance.

- 58. In the course of FTI's increased role in assisting with the collection of receivables, FTI requested J&G to conduct searches of several entities, the results of which can be summarized as follows:
 - (a) Searches were conducted against six (6) AIs with whom the BVI entities conduct business for standing timber and who make up approximately \$887 million of the Company's reported receivables. Based on the search results, three (3) of those entities, representing \$504 million in receivables, have been de-registered.
 - (b) Searches were conducted against twelve (12) entities with whom the BVI entities conduct business for BVI trading and who make up approximately \$126 million of the Company's reported receivables. Based on the search results, six (6) of those entities, representing \$63 million, have been de-registered, one (1) of which is also included in paragraph (a) above.
- 59. Although discussions are ongoing regarding the impact of de-registration and possible recourse available to Sino-Forest, the receivables position of Sino-Forest appears to be significantly different from past reported receivables. On July 31, 2012, the Company issued a press release outlining the discoveries made regarding the de-registration of these parties. A copy of the press release is attached as Appendix J hereto.
- As was set out in the IC Reports as well as the Initial Order Affidavit, there has always been very little insight into the business of the AIs including their books and records, cash collections and disbursements. Further, based on the IC investigation, it is apparent that there are on-going issues with respect to many aspects of the business transactions between Sino-Forest and the AIs, including the nature of many of these relationships. Historically, receivables from AIs were not collected as they were used to offset new standing timber purchases, as described in the description of the BVI model in the Initial Order Affidavit and the IC Reports.
- 61. The Monitor has been informed by King & Wood Mallesons that "de-registration" in the PRC is effectively the wind-up or termination of such company. In other words, after de-

registration, the company ceases to exist. However, as of the date of this Report, the Company and the Monitor are still at the stage of obtaining further legal advice regarding the de-registration process and possible civil and/or criminal remedies that might be available to Sino-Forest including pursuit of the shareholders of the AIs that have been de-registered and other related parties.

62. In the event that, in fact, these debts are not honoured, they may be written off by the Sino-Forest Subsidiaries that they are owed to, which would a typical accounting practice.

The Thai Redwood Transaction

- 63. In March 2011, at the initiation of a former senior employee of Sino-Forest, Sino-Forest entered into two contracts (which were subsequently amended) for the purchase of approximately 6,500 tons of Thai Redwood through a PRC distributor (the "Thai Redwood Transaction"). In connection with the entering into of those contracts, Sino-Forest paid a deposit of \$15 million in April 2011 and a further deposit of \$32 million in December 2011.
- 64. Since the commencement of the proceedings, Sino-Forest has made ongoing efforts to either receive the Thai Redwood or get a return of the deposits. In that regard, numerous meetings have taken place with various individuals involved in the Thai Redwood Transaction. FTI has attended some of these meetings.
- 65. To date, Sino-Forest has not received shipment of the Thai Redwood. Sino-Forest and FTI have been advised by the supplier that the delay is due to many complicating factors including the political changes in Thailand and weather conditions. However, the significant delay has been of great concern to both the Monitor and the Company and, as a result, Sino-Forest is in ongoing negotiations with its supplier for return of the deposit or delivery of the wood. As of the date of this report, no resolution has been reached. It is the Monitor's view that, at this point, recovery of either the deposits or delivery of the Thai Redwood is uncertain.

Management's Internal December 2011 Financial Statement Impairment Provisions

- 66. Management of the Company advised the Monitor that it has recorded approximately \$560 million in impairment provisions in respect of its internal 2011 financial statements. Management is currently working on finalizing the internal financial statements for Q1 2012 and expects to do so over the coming weeks.
- 67. A majority of the write-offs that pertain to the internal 2011 year-end financial statements relate to goodwill impairment, trade receivable impairments, fair value impairments of standing timber and deposits and plantation prepayments made in respect of contractual commitments. The 2011 provision does not take into account any potential additional write-offs related to accounts receivable, that may have to be accounted for due to the recent discovery of the de-registration of AIs or other third parties as described above. Any additional provisions will be recorded in the Q1 2012 internal financial statements.
- 68. The Monitor has had a number of discussions with the Company's management to understand the rationale and underlying justification for this provision. The Monitor has also requested back up information and documentation to try to understand the Company's decision more thoroughly. To date, the Monitor has reviewed a number of documents and makes the following observations:
 - (a) Approximately 13% of the provision taken relates to trade receivable impairments and bad debts written off. The impairment provision relates to the fact that the receivables balances are more than one year old and the Company follows a policy of providing for receivables that are more than one year past due. There are a number of customers that may also be suppliers and/or be related to suppliers and therefore there may be opportunities for set-off that management is currently looking into;
 - (b) Approximately 20% of the provision taken relates to wood log deposits, of which approximately 30% relate to certain 2011 deposits with the same supplier discussed above, who is party to the Thai Redwood Transaction, but relating to separate transactions. The assumptions underlying the impairments are based on

- a lack of activity with counterparties to Sino-Forest's log supply agreements since MW;
- (c) Approximately 38% of the provision taken appears to be related to Mandra goodwill and intangibles and write offs of the fair value of timber assets based on management's estimate of recovery;
- (d) The remaining provision amounts include certain balances that management has deemed impaired and/or written off due to existing external circumstances; and
- (e) There are a number of explanations that are still outstanding as they relate to specific questions in the PRC and/or analysis performed by individuals who are no longer employed by Sino-Forest.
- 69. The Monitor continues to hold discussions with management to better understand the assumptions underlying the write-offs and potential impact on the existing business. The Monitor continues to review explanations and supporting documentation in both Canada and Hong Kong.

Disbursements

- 70. As set out above, the Letter provided for a new protocol on authorized disbursements. The Letter specifically provided that no disbursements or new commitments were to be made over an agreed upon threshold without approval from senior management and review by FTI.
- 71. FTI continues to work with Sino-Forest to monitor disbursements and confirm that the protocol on disbursements is followed. On a weekly basis, FTI reviews a list of proposed payments by Sino-Forest in excess of a pre-determined threshold. On a monthly basis, FTI reviews a sample of bank statements to verify that payments in excess of a pre-determined threshold were made and to verify the ending cash balances. Based on these controls, with one exception that took place shortly after the Filing Date, the appropriate protocols on disbursements appear to be followed.

- 72. As of July 20, 2012, Sino-Forest is approximately \$91 million ahead of its cash flow, a significant portion of this relating to a difference in actual versus forecast disbursements. Further details explaining the variance analysis can be found in the section entitled "Cumulative Variance Analysis".
- 73. A significant portion of the approximately \$91 million is attributable to lower actual disbursements than forecast in Sino-Panel. The differences are primarily a result of:
 - (a) approximately \$18 million in operating expenses that were lower than forecast due to lower work levels at manufacturing plants, poor weather conditions; and
 - (b) approximately \$50 million in outstanding accounts payable payments for plantation purchases and lease payments that have been delayed (at this point in time, it is still unknown what portion of the difference is timing versus permanent).

Cumulative Variance Analysis

74. The Sino-Forest Subsidiaries' net cash flows broken down by Sino-Forest's key operating lines, together with an explanation of key variances as compared to forecast is described below. Actual net cash flows are for the period from March 30, 2012 to July 20, 2012.

USD millions	A	ctual	For	recast	Diffe rence	
HK/BVI/Barbados	\$	(16)	\$	(18)	\$	(2)
Sino-Wood	\$	12	\$	(10)	\$	(22)
Sino-Panel	\$	(10)	\$	(63)	\$	(53)

The key variances in actual receipts and disbursements as compared to forecast are:

- (a) Sino-Wood:
 - (i) Sino-Wood received a \$5 million bank loan which was not originally forecast by the Company;

- (ii) Sino-Wood was supposed to receive an approximate \$5 million capital injection which has been delayed;
- (iii) Expenses related to planted plantations of approximately \$5 million were lower than forecast due to unforeseen weather and timing issues; and
- (iv) General overhead expenses were lower than forecast by approximately \$3 million resulting primarily from timing differences.

(b) Sino-Panel:

- (i) Sino-Forest forecast that the Thai Redwood Transaction would be completed and that approximately \$14 million in sales would have occurred. The Thai Redwood Transaction has been delayed and therefore the sales have not yet materialized;
- (ii) Delayed payment to a specific supplier harvesting timber has further delayed expected revenue of approximately \$9 million related to the timber;
- (iii) A majority of the forecast accounts payable have been delayed. A portion of the positive variance of approximately \$50 million may be a permanent difference, but this has not yet been determined; and
- (iv) Operating expenses were lower than forecast due to lower work levels at the manufacturing plants than forecast, poor weather and the delayed Thai Redwood Transaction. A portion of the positive variance of \$18 million may be permanent, but this has not yet been determined.

UPDATE ON SINO-FOREST SUBSIDIARY OPERATIONS

75. Reference should be made to the IC Reports and the Initial Order Affidavit for an overview of the different segments of Sino-Forest's business as well as historic operating levels.

Operational Changes

- 76. Since the filing, the Monitor is not aware of any new Sino-Forest entities being incorporated or any major transfers of assets among subsidiaries. Sino-Forest has continued to employ the vast majority of its employees (other than those personnel changes that have previous been discussed), the majority of whom work in Sino-Forest's manufacturing operations.
- 77. Subsequent to the filing, management of the Sino-Panel subsidiaries was replaced after the April 2012 personnel changes were made. New management of Sino-Panel are in the process of dealing with on-going operational issues, meeting with agents and negotiating resolutions to the outstanding legal matters.

Wood Fibre Operations

78. As set out in the Initial Order Affidavit for the year ended December 2010, revenue from wood fibre operations accounted for approximately 96.4% of Sino-Forest's reported revenue. In June 2011, upon the release of the MW Report, wood fibre operations, effectively halted, with very little purchases or sales in the third or fourth quarter of 2011 and no purchases or sales in 2012.

Other Businesses

- 79. The balance of Sino-Forest's businesses (which are all described in the Initial Order Affidavit) accounted for approximately 3.6% of Sino-Forest's reported revenue in 2010. These businesses were also significantly impacted by the MW Report, and have continued at diminished levels for the balance of 2011 and the first quarter of 2012.
- 80. A brief summary of some of those on-going businesses is as follows:
 - (a) Manufacturing and Other Operations. The industrial segment of the subsidiaries includes manufacturing and industrial operations and employs approximately 2290 employees. Historically, only two of the operations provided positive financial performance, the remaining industrial operations have historically incurred financial losses. There has been no significant changes in the operations of this business segment.

(b) Log Trading. The subsidiaries dealing with trading activities are in the process of being shut down. The only potential forecast incoming supply of logs is related to the Thai Redwood Transaction, which has been discussed above. The trading business segment has an inventory of existing logs, which they are in the process of selling.

Overall Impact

81. The Monitor continues to be of the view that it is important for these proceedings to be completed as soon as possible given the events that have taken place and may continue to take place which have a significantly negative impact on the business.

UPDATE ON TIMBER ASSETS AND VERIFICATION EFFORTS

- 82. The Monitor is aware that verification and valuation of the Sino-Forest assets is of ongoing interest to many participants in the Sino-Forest CCAA proceedings for various reasons. Indeed, verification and valuation were issues that was addressed by the IC in its reports. The Final Report provided some information regarding verification work that was considered. However, the IC observed that even if verification work was able to be completed, there were still significant hurdles to establishing valuation given the title issues in the BVI model and the relationship issues regarding many of the AIs.
- 83. Indufor was engaged by Sino-Forest during the course of the independent committee investigation to perform an area verification of the forestry estate of Sino-Forest. However, for the reasons set out above as well as the time consuming nature of verification, very little or no verification was completed prior to the issuance of the Final Report.
- 84. Indufor, under the supervision of Stewart Murray and the Company, has continued to work on verification post-filing. The area verification process is a two stage process that is being undertaken in the PRC. The process involves incrementally confirming the geographic location of each compartment, followed by a verification of each compartment's area of stocked forest cover using an independent source of satellite imagery.

- 85. The Monitor has been advised that the area verification exercise currently being undertaken by Indufor is a lengthy process and requires the dedication of long term resources. The work Indufor is undertaking includes the following:
 - (a) Registering and digitizing maps;
 - (b) The use of Satellite imagery and image pre-processing routines;
 - (c) Atmospheric Correction;
 - (d) Vegetation classification;
 - (e) Map uplift, digitization and satellite imagery process (a time-consuming process that is necessary to ensure compliance with restrictions that apply to the distribution of PRC maps); and
 - (f) Area verification.
- 86. To date, Indufor has completed six (6) verification reports confirming the compartment locations of 63,956 hectares of the Sino-Forest estate to date. The confirmation involves geo-referencing and digital mapping of the compartments and represents approximately 8% of total Sino-Forest reported net stocked area of 808,685 hectares as at the end of December 31, 2011. Analysis and findings of these reports are limited solely to the area that has been verified. No extrapolations of findings to the wider Sino-Forest estate are possible or implied.
- 87. The Monitor is not yet clear as to whether the Indufor work will ultimately be timely or helpful in resolving the questions concerning the value of Sino-Forest's business. The Monitor understands that this type of work is extremely time consuming and that, in order to complete any meaningful amount of verification could take years, at a minimum.
- 88. As set out in previous documents including the IC Reports and the Initial Order Affidavit, asset verification to any degree of certainty may be difficult in this situation given many factors including, the nature of the assets, geographical impediments, political impediments and financial resources available. The verification exercise is a lengthy

process and likely to take years to verify any significant percentage of the Sino-Forest estate.

89. The Monitor also notes that even if Indufor is able to verify even a portion of the assets, further work will need to be done to verify the underlying documents and assumptions used by Indufor. Lastly, as discussed above, verification does not establish title or deal with the relationships with the AIs (or address the issues arising from the de-registration of AIs).

SEVENTH REPORT OF THE MONITOR

August 17, 2012

ONTARIO SUPERIOR COURT OF JUSTICE (COMMERCIAL LIST)

IN THE MATTER OF THE COMPANIES' CREDITORS ARRANGEMENT ACT, R.S.C. 1985, c. C-36, AS AMENDED

AND IN THE MATTER OF A PLAN OF COMPROMISE OR ARRANGEMENT OF SINO-FOREST CORPORATION

SEVENTH REPORT TO THE COURT SUBMITTED BY FTI CONSULTING CANADA INC., IN ITS CAPACITY AS MONITOR

INTRODUCTION

- 1. On March 30, 2012 (the "Filing Date"), Sino-Forest Corporation (the "Company") filed for and obtained protection under the Companies' Creditors Arrangement Act, R.S.C. 1985, c. C-36, as amended (the "CCAA"). Pursuant to the Order of this Honourable Court dated March 30, 2012 (the "Initial Order"), FTI Consulting Canada Inc. was appointed as the Monitor of the Company (the "Monitor") in the CCAA proceedings. By Order of this Court dated April 20, 2012, the powers of the Monitor were expanded in order to, among other things, provide the Monitor with access to information concerning the Company's subsidiaries. Pursuant to an Order of this Court made on May 31, 2012, this Court granted an Order extending the Stay Period (as defined in the Initial Order) to September 28, 2012. The proceedings commenced by the Company under the CCAA will be referred to herein as the "CCAA Proceedings".
- 2. On the Filing Date, the Court also issued an Order authorizing the Company to conduct a Sale Process (the "Sale Process Order").
- 3. The purpose of this Seventh Report is to support the Company's request for approval of the Meeting Order (defined below).

- 4. In preparing this Seventh Report, the Monitor has relied upon unaudited financial information of Sino-Forest, Sino-Forest's books and records, certain financial information prepared by Sino-Forest, the Reports of the Independent Committee of the Company's Board of Directors dated August 10, 2011 (the "First IC Report"), November 13, 2011 (the "Second IC Report"), and January 31, 2012 (the "Final IC Report" and together, the "IC Reports"), and discussions with Sino-Forest's management. The Monitor has not audited, reviewed or otherwise attempted to verify the accuracy or completeness of the information. In addition, the Monitor notes that on January 10, 2012, the Company issued a press release cautioning that the Company's historic financial statements and related audit reports should not be relied upon. Accordingly, the Monitor expresses no opinion or other form of assurance on the information contained in this Seventh Report or relied on in its preparation. Future oriented financial information reported or relied on in preparing this Seventh Report is based on management's assumptions regarding future events; actual results may vary from forecast and such variations may be material.
- 5. Unless otherwise stated, all monetary amounts contained herein are expressed in US Dollars.
- 6. The term "Sino-Forest" refers to the global enterprise as a whole but does not include references to the Greenheart Group. "Sino-Forest Subsidiaries" refers to all of the direct and indirect subsidiaries of the Company, but does not include references to the Greenheart Group.
- 7. Capitalized terms not defined in this Seventh Report are as defined in the affidavit of Judson Martin sworn August 14, 2012 (the "Martin Affidavit"), the Plan and/or the Meeting Order.

GENERAL BACKGROUND

Sino-Forest Business

8. Sino-Forest conducts business as a forest plantation operator in the People's Republic of China ("PRC"). Its principal businesses include ownership and management of forest

- plantation trees, the sale of standing timber and wood logs, and complementary manufacturing of downstream engineered-wood products.
- 9. The Company is a public holding company whose common shares were listed on the Toronto Stock Exchange ("TSX"). Prior to August 26, 2011 (the date of the Cease Trade Order, defined below), the Company had 246,095,926 common shares issued and outstanding and trading under the trading symbol "TRE" on the TSX. Effective May 9, 2012, the common shares were delisted from the TSX.
- 10. On June 2, 2011, Muddy Waters, LLC ("MW"), which held a short position on the Company's shares, issued a report (the "MW Report") alleging, among other things, that Sino-Forest is a "ponzi-scheme" and a "near total fraud". The MW Report was issued publicly and immediately caught the attention of the media on a world-wide basis.
- 11. Subsequent to the issuance of the MW Report, the Company devoted extensive time and resources to investigate and address the allegations in the MW Report as well as responding to additional inquiries from, among others, the Ontario Securities Commission ("OSC"), the Royal Canadian Mounted Police and the Hong Kong Securities and Futures Commission.
- 12. In view of the MW Report, the subsequent litigation and regulatory investigations and other issues continue to have a significant negative impact on the Company and have threatened the long term viability of Sino-Forest's operations. For the reasons discussed in the Pre-Filing Report and the Initial Order Affidavit, the Company and the business was placed into a stalemate that could not be resolved without the Court supervised solution offered by the CCAA Proceedings.
- 13. The Pre-Filing Report and the Initial Order Affidavit provide a detailed outline of Sino-Forest's corporate structure, business, reported assets and financial information as well as a detailed chronology of the Company and its actions since the issuance of the MW Report in June 2011.

Background Relating to the CCAA Proceedings to Date

- 14. On August 8, 2012, the Monitor issued its sixth report (the "Sixth Report") providing an update on the Company's CCAA Proceedings as well as providing certain information and an update relating to the Sino-Forest Subsidiaries and that information is therefore not repeated in detail herein. A copy of the Sixth Report (without appendices) is attached as Appendix A hereto.
- 15. As had previously been reported by the Monitor, as contemplated by the Company's restructuring support agreement (the "RSA") with certain initial consenting noteholders, the Company ran a sale process pursuant to which letters of intent ("LOIs") were sought on or before June 28, 2012 (the "Phase I Bid Deadline"). In order to move to "Phase II" of the sale process, the sale process procedures contemplated that one or more "Qualified Letters of Intent" had to have been received by the Phase I Bid Deadline. On July 10, 2012, the Company issued a press release indicating that none of the LOIs received constituted Qualified Letters of Intent and that the Company was therefore terminating the sale process and proceeding with the restructuring transaction contemplated by the RSA.
- 16. The Sixth Report also highlighted some of the ongoing issues in the Sino-Forest business including:
 - (a) The virtual standstill of the standing timber business since the MW Report;
 - (b) Reduced operations in the remainder of the Sino-Forest businesses;
 - (c) Significant difficulties in the collection of receivables, including the deregistration of certain authorized intermediaries owing approximately \$504 million in receivables to BVI entities; and
 - (d) De-Registration of suppliers to the Sino-Forest standing timber business.
- 17. The Sixth Report also provided an update on the verification efforts being made by Indufor, Sino-Forest's forestry consultant. It was also clear from the Sixth Report that the nature of the work being done would likely take several years before any significant

progress on verification would be achieved and that work, in any event, would not address title or valuation issues.

18. The Sixth Report also provided an update on events within the CCAA Proceedings including the granting of the Mediation Order as well as the Company's motion regarding Equity Claims and the Court's decision and order on that issue (the "Equity Order"). Pursuant to the Equity Order, the Court found that Shareholder Claims (as defined in the Equity Order) and related indemnity claims were "equity claims" within the meaning of section 2(1) of the CCAA. The only issue that the Court determined was premature for decision was whether claims of the Third Party Defendants in respect of defence costs constituted "equity claims". On August 16, 2012, Ernst & Young LLP, the Underwriters and BDO Limited each served notices of motion for leave to appeal the Equity Order to the Ontario Court of Appeal. The Company has advised the Monitor that it intends to oppose the motions for leave to appeal. The Monitor is supportive of the Company's position.

THE PLAN

- 19. The Company has now filed its proposed plan of compromise and reorganization (the "Plan") along with its motion for a Meeting Order (defined and discussed below) and information circular (the "Information Circular"). The following paragraphs contain a summary of certain of the significant provisions of the Plan. Reference should be made to the Plan for the complete terms of the Plan.
- 20. The Plan contemplates that a new company ("Newco") will be incorporated and the Company will transfer substantially all of its assets to Newco. As a result, Newco will directly or indirectly own all of the Sino-Forest Subsidiaries as well as the Company's interest in the Greenheart Group. The shares of Newco will be distributed to Affected Creditors with Proven Claims pursuant to the terms of the Plan.

Assets Available for Distribution

21. Under the Plan, the following assets will be made available for distribution to Affected Creditors with Proven Claims:

- (a) Newco Shares;
- (b) Newco Notes; and
- (c) Litigation Trust Interests.
- 22. Under the Plan, it is contemplated that Affected Creditors with Proven Claims will receive their pro rata share of:
 - (a) 92.5% of the Newco Shares;
 - (b) 100% of the Newco Notes; and
 - (c) 75% of the Litigation Trust interests.
- 23. The remaining 7.5% of the Newco Shares will constitute the Early Consent Equity Sub-Pool and will be issued and distributed to the Early Consent Noteholders. The remaining 25% of the Litigation Trust Interests will be allocated to the Noteholder Class Action Claimants (subject to the caveats set out in the Plan).

Classification of Creditors

- 24. All Affected Creditors will constitute a single class for the purposes of voting and considering the Plan. Equity Claimants will constitute a separate class, but will have no right to attend the Meeting or vote on the Plan (in such capacities).
- 25. Unaffected Creditors will not be entitled to vote on the Plan or attend the Meeting (in such capacities).

Treatment of Claims against the Company

26. The Claims filed under the Claims Procedure Order largely fall into three categories: (a) current noteholder claims; (b) class action plaintiff claims; and (c) Third Party Defendant

¹ Pursuant to the Plan, if the Noteholder Class Action Claims against any of the Third Party Defendants are finally resolved within two (2) years of the Plan Implementation Date, then the entitlements of such claimants to the Litigation Trust Interests are cancelled.

indemnity claims. There were very few ordinary trade or other claims filed. Treatment of these largest categories of claims can essentially be broken down as follows:

- (a) Current Noteholder Claims. Claims of the current noteholders (relating indebtedness and obligations under the notes, including Subsidiary guarantees) are compromised and holders of those claims will be entitled to their pro rata distribution under the Plan as discussed above, of Newco Shares, Newco Notes and the Litigation Trust Interests;
- (b) Class Action Plaintiff Claims. Claims of the Class Action Plaintiffs are broken down into two (2) sub-categories:
 - (i) Class Action Claims relating to share purchases these claims are classified as equity claims and not entitled to any distribution and are released against the Company, the Named Directors and Officers and Subsidiaries under the Plan. There is no release for these Class Action Claims against the other Third Party Defendants under the Plan; and
 - (ii) Class Action Claims relating to note purchases these claims are released as against the Company, the Subsidiaries and the Named Directors and Officers. These Class Action Claims are not released against the other Third Party Defendants, however, with respect to all such claims against Third Party Defendants that are validly indemnified by the Company, the collective aggregate amount of all such Indemnified Noteholder Class Action Claims is limited to the Indemnified Noteholder Class Action Limit.² With respect to all such claims against the Third Party Defendants that are not validly indemnified by the Company, those claims are not limited by the Indemnified Noteholder Class Action Limit. Class Action Claims relating to the note purchases will not receive any distribution of

² The Indemnified Noteholder Class Action Limit is an amount to be agreed upon by the Company, the Monitor, the Initial Consenting Noteholders and counsel to the Ontario Class Action Plaintiffs or otherwise determined by the Court. The Monitor is aware that the there have been conversations with the Ontario Class Action Plaintiffs regarding the quantum of the Indemnified Noteholder Class Action Limit, however, as of the date of this Report, no amount has been agreed upon.

Newco Shares or Newco Notes, but are entitled to their pro rata share of 25% of the Litigation Trust Interests, subject to the caveats set out in Plan.

- (c) Indemnity Claims by the Third Party Defendants. Claims of the Third Party Defendants against the Company can be broken down into three (3) categories:
 - (i) Indemnity claims relating to the Indemnified Noteholder Class Action Claims which will be treated as Unresolved Claims unless and until proven – but only up to the Indemnified Noteholder Class Action Limit;
 - (ii) Defence Costs Claims (some or all of which may later be determined to be Equity Claims), which will be treated as Unresolved Claims unless and until proven; and
 - (iii) the balance of the Third Party Defendants' claims are classified as Equity Claims, and shall not be entitled to distribution or participation under the Plan and are released.
- (d) Claims of the Third Party Defendants against the Subsidiaries are released under the Plan.
- (e) Early Consent Noteholders are also entitled to their pro rata share of the Early Consent Equity Sub-Pool (i.e. 7.5% of the Newco Shares) as provided for under the Plan.
- With respect to the Indemnity Claims of Third Party Defendants, as set out below, the Meeting Order provides that the terms of the Equity Order and the Meeting Order will be sufficient for classifying these claims as Equity Claims and as such, the Monitor will not be required to send out Notices of Revision or Disallowance or take any further steps in connection with the Claims Procedure Order. The Monitor believes this approach to classification and related relief dispensing with the requirement to issue Notices of Revision or Disallowance regarding the Equity Claims is consistent with the Equity Order and is appropriate in these circumstances.

- 28. The Plan also contemplates that there would be a number of "Unaffected Claims" including claims secured by Charges (under the Initial Order), governmental priority claims, employee priority claims, Lien Claims, claims of the Trustees for reasonable fees and expenses and trade payables incurred by the Company after the Filing Date.
- 29. Unaffected Claims (to the extent that they are valid and enforceable) will be satisfied as follows:
 - (a) For Claims secured by the Administration Charge or the Directors' Charge, outstanding invoices issued sufficiently prior to the implementation of the Plan will be paid in full prior to the Effective Time and any amounts after the Effective Time will be paid out of and limited to the Administration Charge Reserve and the Directors' Charge Reserve respectively (the Administration Charge Reserve and Directors' Charge Reserve are discussed in more detail below).
 - (b) For Lien Claims, at the election of the Initial Consenting Noteholders (with the consent of the Monitor), the Company will satisfy Lien Claims by either the return of property securing such Lien Claim or repayment of the Lien Claim in full.
 - (c) The balance of Unaffected Claims will be paid in full from the Unaffected Claims Reserve (discussed in greater detail below) and recovery for those claims will be restricted to the funds available in the Unaffected Claims Reserve.

Treatment of Claims against the Directors and Officers

30. The Plan provides for the compromise and release of claims filed against certain "Named Directors and Officers" other than those claims that cannot be released under Section 5.1(2) of the CCAA ("Retained D&O Claims") and claims for fraud and criminal conduct ("Non-Released D&O Claims"). Retained D&O Claims are not released but recovery in respect of such claims against Named Directors and Officers is restricted to available insurance proceeds. Non-Released D&O Claims are not released.

- 31. The "Named Directors and Officers" are Andrew Agnew, William E. Ardell, James Bowland, Leslie Chan, Michael Cheng, Lawrence Hon, David J. Horsley, James M.E. Hyde, Richard M. Kimel, R. John (Jack) Lawrence, Jay A. Lefton, Edmund Mak, Tom Maradin, Judson Martin, Simon Murray, James F. O'Donnell, Kai Kit Poon, William P. Rosenfeld, Peter Donghong Wang, Garry West and Kee Y. Wong, in their respective capacities as Directors or Officers.
- 32. Claims against any Other Directors and Officers are not released but are subject to the Indemnified Noteholder Class Action Limit to the extent that they are Indemnified Noteholder Class Action Claims.

Treatment of D&O Indemnity Claims

- 33. D&O Indemnity Claims by the Named Directors and Officers are deemed to have no value and are released under the Plan, except that any D&O Indemnity Claims for Defence Costs shall be treated in the same way as the claims for Defence Costs of other Third Party Defendants and any claims for indemnification properly subject to the Directors' Charge, shall be limited to the Directors' Charge Reserve (discussed in greater detail below).
- 34. D&O Indemnity Claims by any of the Other Directors and Officers are deemed to have no value and are released under the Plan except that any D&O Indemnity Claims for Defence Costs shall be treated in the same way as the claims for Defence Costs of other Third Party Defendants, and any Class Action Indemnity Claim in respect of indemnity claims for the Indemnified Noteholder Class Action Claims shall be subject to the Indemnified Noteholder Class Action Limit.

Intercompany Claims

35. Any and all claims that the Company may have against any of the Sino-Forest Subsidiaries and/or the Greenheart Group will be assigned to Newco and any obligations that the Company owes to any Sino-Forest Subsidiaries and/or Greenheart Group will be assumed by Newco on the Plan Implementation Date.

Reserves

- 36. The Plan contemplates the establishment of a number of reserves including:
 - (a) The Administration Charge Reserve;
 - (b) The Directors' Charge Reserve;
 - (c) The Unaffected Claims Reserve;
 - (d) The Unresolved Claims Reserve; and
 - (e) The Monitor's Post-Implementation Reserve.
- 37. The quantum of the reserves has not yet been established. With respect to the Unresolved Claims Reserve, it is anticipated that the assets in this reserve will consist of Newco Shares, Newco Notes and Litigation Trust Interests which will be distributed in accordance with the Plan and discussed in greater detail below.
- 38. With respect to the balance of the reserves, the Monitor is aware that the Company intends to finalize the amounts of the reserves (in accordance with the consultation and consent requirements under the Plan) prior to the Sanction Hearing. It is anticipated that the Sanction Order will affirm the amount of the reserves. If agreement cannot be reached with respect to some or all of the reserves, direction will be sought from the Court. The Monitor expects that it will report further on the proposed funding amounts of the reserves prior to the Sanction Hearing.
- 39. The reserves are intended to fund the purposes for which they are established under the Plan. If there is excess cash in the reserves (other than the Unresolved Claims Reserve), those funds will initially be transferred to the Monitor's Post-Implementation Reserve, which is a reserve intended for funds required to fund the on-going estate requirements after the implementation of the Plan. At this time, it is not known what those cash requirements may be. However, the Monitor intends to continue to work with the Company in order to understand the estimated cash requirement for the administration of the Company after Plan implementation. The Plan also provides that the Monitor may

release funds from the Monitor's Post-Implementation Reserve to Newco from time to time and if there are excess funds after the Monitor is satisfied funds are no longer necessary for administering the Company, those funds will be transferred to Newco.

Releases

- 40. The Plan provides for the release of a number of parties including the Company, the Subsidiaries, the Named Directors and Officers (other than for Retained D&O Claims and Non-Released D&O Claims, discussed above), Newco, the directors and officers of Newco, the Noteholders, members of the ad hoc committee of Noteholders, the Trustees, the Monitor, FTI HK, counsel for the Directors of SFC, counsel for the Monitor, the SFC Advisors, the Noteholder Advisors and present and former affiliates, subsidiaries, directors, officers, members, partners or employees of the foregoing.
- 41. As discussed above, the Plan does not release claims against the Other Directors and Officers (although Indemnified Noteholder Class Action Claims against those Directors and Officers are limited to the Indemnified Noteholder Class Action Limit). The Plan also does not release Retained D&O Claims (although recovery on those claims is limited to insurance proceeds) or Non-Released D&O Claims.

Mechanics for Distribution of Newco Shares, Newco Notes and Litigation Trust Interests

- 42. The Plan sets out the mechanics for the issuance and distribution of Newco Shares, Newco Notes and the Litigation Trust Interests on the initial and subsequent Distribution Dates. In essence, the Plan provides flexible alternatives for the issuance, distribution and registration of the Newco Shares and Newco Notes depending on whether the registers will be maintained by a Transfer Agent, whether the Newco Shares and/or Newco Notes are DTC eligible and whether the Newco Shares and/or Newco Notes are maintained in a Direct Registration System.
- 43. The Plan contemplates that the Monitor will undertake the necessary actions to both notify Noteholders and Ordinary Affected Creditors and obtain all contact and registration information necessary for the ultimate distributions contemplated by the Plan. The Plan also contemplates that the Monitor may, from time to time, hold Newco Shares

and/or Newco Notes in escrow for the benefit of Persons entitled thereto under the Plan, for a period of time for logistical purposes and other purposes contemplated in the Plan (including the Unresolved Claims Reserve) during the course of the implementation of the Plan.

- 44. The Monitor and the Company are engaged in ongoing discussions regarding which of the Monitor's responsibilities are more appropriately performed by an agent or other service provider to be retained for this purpose. The Monitor and the Company are also continuing to discuss whether there are any ongoing tax or other implications which may impact some of the implementation steps of the Plan.
- 45. Pursuant to the Plan, the Litigation Trustee will allocate, administer and track the interests in the Litigation Trust.

The Restructuring Transaction

- 46. The Plan contains specific implementation steps for completion of the restructuring transaction and the transfer of substantially all of the Company's assets to Newco. Reference to the Plan should be made to see the proposed steps. The Plan contemplates that the Monitor will be active in facilitating the implementation of the Plan including overseeing the distribution of Newco Shares and Newco Notes as well as maintaining the reserves.
- 47. A summary of the restructuring transaction is as follows:
 - (a) Incorporation of Newco. Newco shall be incorporated prior to the Plan Implementation Date. Newco shall be authorized to issue an unlimited number of Newco Shares and shall have no restrictions on the number of its shareholders.
 - (b) Cash Payments and Satisfaction of Lien Claims
 - (i) The Company shall pay required funds to the Monitor for the purpose of funding the Unaffected Claims Reserve, the Administration Charge Reserve, the Directors' Charge Reserve and the Monitor's Post-Implementation Reserve.

- (v) The Company shall be deemed to assign, transfer and convey to Newco all SFC Intercompany Claims for the assumption by Newco of all of the Company's obligations to the Subsidiaries in respect of Subsidiary Intercompany Claims and Newco Promissory Note 2, representing a

purchase price equal to the fair market value of such SFC Intercompany Claims.

- (vi) The Company shall be deemed to assign, transfer and convey to Newco all other SFC Assets³ excluding the Litigation Funding Amount, Newco Promissory Note 1 and Newco Promissory Note 2 for a purchase price equal to the fair market value of such other SFC Assets and, in consideration therefor, Newco shall issue Newco Promissory Note 3.
- (vii) The Company shall establish the Litigation Trust and shall contribute the Litigation Funding Amount to the Litigation Trustee for the benefit of the Litigation Trust.
- (viii) The Company shall settle and discharge the Affected Creditor Claims by assigning Newco Promissory Note 1, Newco Promissory Note 2 and Newco Promissory Note 3 (collectively, the "Newco Promissory Notes") and the remaining Litigation Trust Interests held by the Company to Newco. Such assignment shall constitute payment, by set-off, of the full principal amount of the Newco Promissory Notes and of a portion of the Affected Creditor Claims equal to the aggregate principal amount of the Newco Promissory Notes and the fair market value of the Litigation Trust Interests so transferred (with such payment being allocated first to the Noteholder Claims and then to the Ordinary Affected Creditor Claims). As a consequence thereof:
 - (A) Newco shall be deemed to discharge and release the Company of and from all of the Company's obligations to Newco in respect of the Affected Creditor Claims, and all of Newco's rights against the

³ Under the Plan, "Excluded SFC Assets" means (i) the rights of the Company to be transferred to the Litigation Trust in accordance with section 6.3(n) of the Plan; (ii) any entitlement to insurance proceeds in respect of insured Claims and/or Retained D&O Claims; (iii) any secured property of the Company that is to be returned in satisfaction of a Lien Claim pursuant to section 4.2(c)(i) of the Plan; (iv) any input tax credits or other refunds received by the Company after the Effective Time; and (v) cash in aggregate amount of (and for the purpose of): (A) the Litigation Funding Amount; (B) the Unaffected Claims Reserve; (C) the Administration Charge Reserve; (D) the Directors' Charge Reserve; (E) the Expense Reimbursement; and (F) any amounts in respect of Lien Claims to be paid in accordance with section 4.2(c)(ii) of the Plan.

- Company of any kind in respect of the Affected Creditor Claims shall thereupon be fully, finally, irrevocably and forever compromised, released, discharged and cancelled; and
- (B) the Company shall be deemed to discharge and release Newco of and from all of Newco's obligations to the Company in respect of the Newco Promissory Notes, and the Newco Promissory Notes and all of the Company's rights against Newco in respect thereof shall thereupon be fully, finally, irrevocably and forever released, discharged and cancelled.

- 48. The Monitor intends to continue discussions with the Company as to the extent of its role as well as the appropriateness of hiring an experienced agent to assist in certain of these steps.

The Sanction Order

49. In the event that the Plan is approved by the Required Majority at the Meeting, the Company will be authorized to seek the Sanction Order. The required terms of the

Closings Risks Associated with the Plan

As is apparent from the number and substance of many of the conditions, even if the Company were to obtain the affirmative vote of the Required Majority at the Meeting, it is not clear whether all such conditions can be met. In particular, the Monitor notes that the implementation of the Plan remains subject to the completion of due diligence in respect of the Company and the Sino-Forest Subsidiaries by the Initial Consenting Noteholders prior to the Sanction Order hearing.

THE MEETING ORDER

52. On August 14, 2012, the Company filed its motion for a plan filing and meeting order (the "Meeting Order") for a motion returnable August 28, 2012.

CONCLUSION

- 54. The Monitor remains hopeful that the Mediation will be productive. As such, the Monitor currently intends to select the Mailing Date as a date after the completion of the Mediation on September 10, 2012.
- However, since the beginning of the filing and as was described in the Initial Order Affidavit and the Pre-Filing Report and again more recently reported in the Sixth Report, there are many difficulties in the Sino-Forest business and those difficulties have worsened since the Filing Date. The ongoing deterioration of the Sino-Forest business is evident given the increasing difficulties with collection of receivables, de-registration of Als and suppliers, the ongoing standstill in the standing timber and trading businesses and decreased performance on the remainder of the businesses. This deterioration and on-going difficulties are unlikely to be remedied while the uncertainties relating to the parent company (i.e. Sino-Forest Corporation) continue.
- 56. The Monitor is of the view that it is important for the CCAA Proceedings to be completed as soon as possible and, as such, believes that the granting of the Meeting Order at this time is appropriate and fair and reasonable in the circumstances.

Dated this 17th day of August, 2012.
