(Hereinafter called the 'Consultant')

THE PARTY OF THE SECOND PART

WHEREAS the Client requires _____ with respect to _____ (the "Project") and has requested the Consultant to furnish professional environmental consulting services in connection therewith;

AND WHEREAS the Consultant agrees to provide the requested services;

NOW THEREFORE WITNESSETH that in consideration of the covenants contained herein, the Client and the Consultant mutually agree as follows:

ARTICLE 1 – GENERAL TERMS & CONDITIONS

1.1 Services

The professional environmental consulting services to be provided by the Consultant for the Project are set forth in Article 2 and such services, including subsequent services, changed, altered or additional services are hereinafter called the "Services".

1.2 Standard of Care

The Consultant shall perform the services under this agreement with that degree of care, skill and diligence generally accepted as typical of the industry in the performance of such services as contemplated by the Agreement at the time such services are rendered. The Consultant shall employ only competent staff who will be under the supervision of a senior member of the Consultant's staff.

1.3 Rights of Entry, Permits, Site Information and Utilities

The Client shall obtain all necessary permits and licenses and provide right of entry for the Consultant and its subcontractors to carry out the Services, unless specified otherwise in Article 2. The Client warrants that it has furnished to the Consultant all information known to, or in possession or control of, the Client relating to the past and existing conditions of the site, including but not limited to soil and geologic data, contaminants, wastes and hazardous materials, and subsurface utilities. The Client shall extend use and reliance of this information to the Consultant, unless stated otherwise and to the extent permitted by law. Such information shall be and remain confidential as between the Client and the Consultant and the Consultant shall not disclose same to any third party unless required by law.

1.4 Safety

[Where the field work involves “construction” (earth moving, excavating, digging, boring, drilling, etc) as per the Occupational Health and Safety Act, R.S.O. 1990, c.O.1, the “constructor” is responsible for ensuring that every worker complies with the OHSA and the regulations. If the Consultant is acting as the “constructor” for the project, use this wording:

“In respect of the Services, the Consultant shall fulfill the role of “constructor” for the purposes of the Occupational Health and Safety Act, R.S.O. 1990, c.O.1, as amended. The Consultant shall submit any required notice of project and registration form to the applicable governmental authority. The Consultant shall have complete and sole responsibility for all health and safety matters regarding the project.”

[Where the Consultant is not “supervising” any field work in the context of the Occupational Health and Safety Act, R.S.O. 1990, c.O.1, and is only overseeing quality control on the project, use this wording:

“The Consultant shall be responsible only for its activities and that of its employees and shall maintain all required insurance, permits or licenses. The Consultant shall fulfill the role of “employer” under the Occupational Health and Safety Act, R.S.O. 1990, c.O.1, with respect to its employees. The Consultant shall not direct any of the field work nor the work of any other employer on the project.”

[Where the field work does not meet the definition of “construction” under the Occupational Health and Safety Act, R.S.O. 1990, c.O.1, and the Consultant “contracts for the services of one or more workers” to undertake the field work, use this wording:

“The Consultant shall fulfill the role of “employer” for the purposes of the Occupational Health and Safety Act, R.S.O. 1990, c.O.1, as amended. The Consultant shall take every precaution reasonable in the circumstances for the protection of the workers providing any of the Services. Prior to any field work being carried out, the Consultant shall provide the Client with a comprehensive site-specific safety plan which details how the “employer” obligations will be met when providing the Services.”

1.5 Investigations and Reports

The environmental, geological, geotechnical, geochemical and hydrogeological conditions that the Consultant interprets to exist between sampling points may differ from those that actually exist. Because of the inherent uncertainties in subsurface evaluations, changed or unanticipated underground conditions may occur or

become known subsequent to the Consultant's investigation that could affect conclusions, recommendations, total Project cost and/or execution. Changes in conditions are subject to amendments to the scope of services.

- (d) **Final Report:** If required under the scope of Services, a final report ("Final Report") may contain a Statement of Qualifications and Limitations, which shall be attached as a schedule to this agreement, and any amendment thereto.

Any such use and reliance shall be subject to the limitations set forth in this agreement. In addition, the Client may submit any report to a regulatory authority.
- (f) **Third Party Reliance:** Unless otherwise agreed to by the Parties, in the event that the Client and the Consultant agree to make the Report available to a third party not mentioned in clause (d) ("Third Party"), the Third Party shall be required to sign the Consultant's standard Authorized User Agreement (AUA) and pay a AUA fee of not less than [●] or \$500.00 to the Consultant. Any such use shall be subject to the terms, conditions and limitations set forth in this Agreement, the Report and the AUA.

If such disposal costs exceed \$_____, the Consultant shall advise the Client in writing at least 30 days in advance of disposal, and the Client shall have the option to make its own arrangements for disposal of the material.

1.8 **Subsequent Changes**

With the consent of the Consultant, the Client may in writing at any time after the execution of this Agreement or the commencement of the Services delete, extend, increase, vary or otherwise alter the Services forming the scope of Services. The Parties further agree that such changes shall alter the scope of Services, schedule and/or the costs. Any such changes shall be made in writing with reference to this Agreement, and accepted in writing by both Parties.

1.9 **Delays**

Neither Party shall be liable or penalized for delays or failure to perform its services if same is caused directly or indirectly by circumstances beyond a Party's reasonable control. The Client shall not hold the Consultant responsible for damages or delays in performance caused by the Client, acts of God, acts and/or omissions of governmental authorities and regulatory agencies or other events which are beyond the reasonable control of the Parties.

1.10 **Payment**

The Client shall pay the Consultant in accordance with the provisions set forth in Article 3 **[or delete Article 3 and set out payment terms here]**.
