Bridget is a Partner in our class actions department.

Education

Western University
University of California, Berkeley

Called to the Bar in Ontario, 2015; British Columbia, 2022

About

Bridget is a Partner in Siskinds’ class actions department. Based in Siskinds’ London office, her practice is focused on representing plaintiffs in complex price-fixing, consumer protection, and product liability litigation.

At Siskinds, Bridget is part of the team responsible for some of Canada’s largest price-fixing settlements, including in cases related to auto parts (\$185 million), the foreign exchange market (\$134 million), liquid crystal display panels (\$83 million), and cathode ray tubes (\$49 million).

Bridget has also been counsel on precedent setting cases, including the recent Supreme Court of Canada decision in *Pioneer Corp. v Godfrey*, [2019 SCC 42](#), which decided important issues for plaintiffs, including whether discoverability applies to s. 36 of the *Competition Act*, and whether “umbrella purchasers” (i.e., persons who purchased the relevant product from a non-cartel member) have a cause of action under the *Competition Act*.

Before law school, Bridget received her B.A. in political economy from the University of California Berkeley, where she was a member of the varsity rowing team. She obtained her J.D. from Western University in 2014 and was called to the Bar in 2015 after completing her articles at Siskinds.
